### **NEIL KEENAN UPDATE | Bringing It All Together –The Time Has Now Come**

January 15, 2019

**At times it may seem like forever, but here we are in the New Year with Neil Keenan putting together a great new K Team. And most of all, thanks to Neil's leadership, this New Year brings us all together with a renewed vigor and vitality. Each and every person now brought into Group K possesses a variety of professional talents, as well as a refreshing new way of looking at things.**

**From a practical standpoint, we must first begin with the bunkers being opened.**

As we all know, Martha Wibawa, aka Nelu, opted to be play the role of 'scapegoat' per Amanah Neil Keenan's entrapment scenario to foil the nefarious plans of the Bunker contractors and some suspicious Elders. It remains a mystery as to why would the Bunker crew subject themselves to listen to and follow others who could not pay their own way and who lied and dropped the ball on more than one occasion.

Now that Neil and Nelu busted the Bunker heisters and exposed their true Indonesian colors, we will move on with those we know who have already proven their integrity.

**Therefore, we've cleaned our house and are eager to move forward with our new, revitalized team, which includes many people from throughout the world.**

The honorable Indonesians will sit strong and work along with us at bettering their lands and their country. We have been working with Indonesians for many years and have found them to be wonderful and warm people who want to help bring the best to their country. Their time has come as well! In order to get things rolling, we will work tirelessly in getting many hands working with ours. Once this is done, the process begins, and we will set into motion many things that ultimately will take care of themselves.

**We are currently pushing for two Platform licenses so that we can turn our assets and currencies over again and again, thereby protecting us from ever worrying about funding again. With assistance from the Sultan and others, we will make this world a far better place.**

## AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

Two of our expert team members, who specifically work on new technologies, explain their break-through projects and are eager to take care of some medical problems within our group as well as others. Their already highly effective Bio-Resonance Therapy (BRT) healing computer is being improved and upgraded.

There is also an entirely new cancer-oriented computer that diagnoses the disease within three minutes with corresponding treatments. Another revolutionary and promising technology being developed by them involves stem-cells and the rejuvenation of internal organs as well as life-extension. Their other break-through technologies include clean water systems as well as those of free-energy.

Each one has many far-reaching benefits for our planet's ecosystems. In the near future we will have other team members whom you will get to know as we move along. For now, you will hear from the two in these videos. Soon enough you will begin to understand that our team is filling in person by person as needed. Please understand that this is a tremendously challenging process, but we have it handled.

As previously mentioned, Neil has cleaned his house and he's moving forward with great gusto! A few bad apples tried to spoil the entire group, but now that is behind us. So, let us begin, and remember we've only just begun! You surely have already seen lots accomplished by Neil Keenan and Group K, but you haven't seen anything yet, as there's so much more to come!

ENJOY THE RIDE! HAPPY NEW YEAR!

### 20190323 NK Update There's a New Sheriff In Town No More Freebies

***If it had not been for this evil cabal, we could have already started to enjoy the benefits of ground-breaking novel technology in 2010. Neil Keenan***

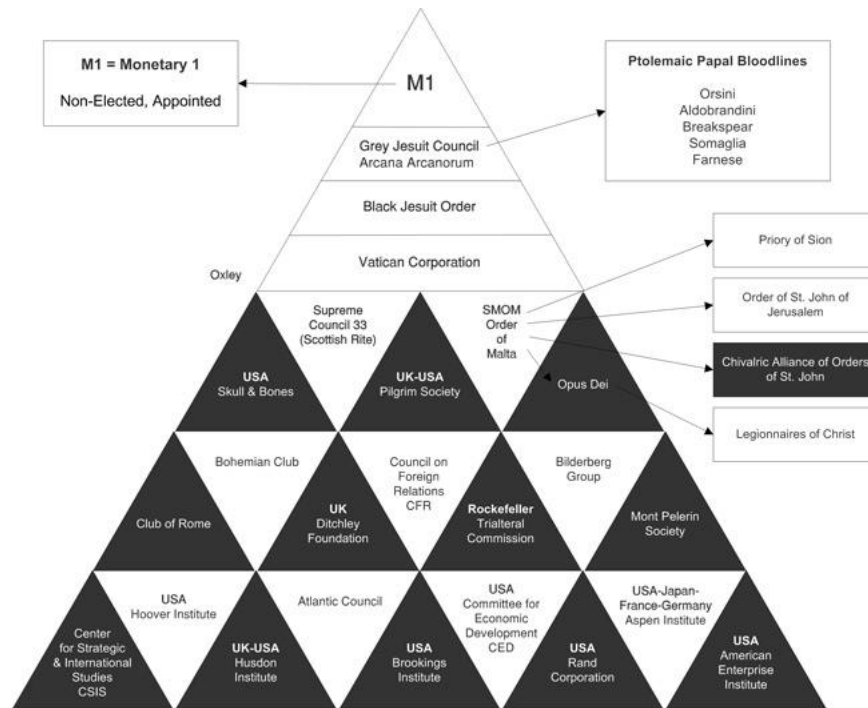

**This was always the original intent of Neil and The Golden Dragon Family, to create a world where together we can all live in peace and harmony.**

As reported in the intervening years, Neil Keenan and Group K have persisted in relentlessly fighting sinister Cabal corruption worldwide.

They have often succeeded in these surreptitious battles with many unreported outcomes for reasons of security, especially after numerous attempts on Neil's life.

# AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The relentless battle continues for the ultimate end to worldwide, financial debt slavery. In fact, it has exponentially heated up, as Neil Keenan and Group K are valiantly moving against this nefarious nemesis on the world stage, particularly in Indonesia.

Indonesia has had a true Warrior in Neil Keenan fighting for them. Someone who will not quit. Someone who does not know how to quit. Someone who has unwaveringly put his life on the line time and time again to win this utmost critical, world-changing battle up until today.

With Neil receiving critical and timely information from high-level, trusted sources, it now appears that the Cabal players are either on their last legs or are resurfacing in an attempt to begin a new high-tech era of debt slavery. The Artificial Intelligence tools that they have implemented against humanity are way beyond imagination!

**The only way to deal with such heinous criminality is to clearly vet it, and confront it head-on with unrelenting counter attacks. We must push forward even if it is with our last breath in order for our families and children to survive. Only We the People can make this happen!**

We are now revealing crucial information and photos provided to Neil by another Asian Insider (not the original Insider you have read in the past). This person works with the Cabal and is deeply troubled and sickened after knowing about their ongoing plans to wipe out humanity and our planet. He has had enough and wants to assist us in fighting back by exposing what just might be their latest and last Doomsday Plan. Most recently, the Cabal quietly started to execute backup plans for their own salvation.

Breitbart: [U.N. Chief Heads to Washington with Simple Plea: We Need Your Money](#)

*"Secretary-General Guterres' aim is to secure additional funding after the U.S. capped its share and threw responsibility back on the rest of the world to step up and fill the void" ... In 2016, the U.S. paid more than 16 billion for the U.N., about one-fifth % of the total budget."*

Fortunately, President Trump was one step ahead by already pulling out of their "Poor Boy System" in which they hoped to maintain control. Next stop... China for the UN's current money begging mission. Maybe China will go for it, but the Chinese are not anybody's fool with their overnight court system in which, if found guilty of a heinous crime, you may be executed. Secondly, new secret meetings are now taking place to steal the entire Global Accounts. Once again, after hi-jacking the system twice since the inauguration of the Bretton Woods Agreement in 1944 / 1994, they are about to attempt to make it three in a row with a cunning twist.

**Fat chance of that with a new Sheriff in town! Remember, desperate people take desperate measures, and they may be on their last effort so they will be careless and reckless... Be careful!**

Even while fully aware that we are watching the Western Nations' involvement in their past swindles, they are now applying different means to get to the Assets illegally. They have implemented new groups of players to quietly sneak through the cracks in the system, draw up new corrupt financial papers, and again make claim to the Eastern Assets. It's apparent that this is a continuous effort on the Cabal's behalf, especially once they themselves fall into arrears and, thus, become desperate.

It is not just the United Nations is in trouble, but it's the entire "New World Order" (NWO) referenced by George H. W. Bush Senior. The original Bush (Scherff) family is not even American, but rather, German Nazis! [Deathbed confessions, photos support claims that George H. Scherff, Jr., was the 41<sup>st</sup> U.S. President](#)

According to Otto Skorzeny, pictured is the Scherff family and a few friends (circa 1938). Holding "Mother" Scherff's hand at left is Martin Bormann. In front is Reinhardt Gehlen. In back is Joseph Mengele and to his right is Skorzeny as a young man. At center right (in the German navy uniform) is George H. Scherff, Jr. and his father George H. Scherff, Sr. Bormann became Hitler's second in command. Reinhardt Gehlen was a chief SS officer and assassin who was smuggled out of Germany under Operation Paperclip.

Skorzeny was Hitler's bodyguard and SS spy/assassin who came to the U.S. after the war under Project Paperclip. Skorzeny and GHW Bush were instrumental in merging Nazi (SS) intelligence with the OSI to form the CIA with "Wild Bill" Donovan and Allen Dulles. These guys were also part of CIA mind control experiments such as MK-ULTRA. SS officer and physician Joseph Mengele, the notoriously sadistic "Angel of Death" of Auschwitz, escaped Germany to South America after the war. George H. Scherff, Jr., became the 41st President of the United States as GHW Bush and George H. Scherff, Sr., was Nicola Tesla's "trusted assistant."

### **Who were the designers of this master plan? Let's connect the dots. The Master Plan: Arrival of the Bankers**

At the turn of the 20<sup>th</sup> century, a plan to slowly take over the government of the United States began to unfold. Many works have been written about the Nazi machine that instigated two world wars, though few have traced the footsteps of the foreign financiers and the actors we prefer to call "politicians."

A brief glance at shipping records, passenger manifests, and financial transactions on Wall Street indicates a pattern of deception which was masterminded by this same machine. The level of cooperation from government agencies and their elected officials was not only disgraceful, but blatantly treasonous.

In his book, *"The Creature from Jekyll Island,"* author G. Edward Griffin described the secret meetings which created the Federal Reserve in 1913. The architect of the plan, Paul M. Warburg, was a representative of the Rothschild banks in England and France and his brother Felix headed the Warburg banks in Germany and the Netherlands.

Of significance is the fact that the first "official" media report about the Federal Reserve occurred three years later. In *"Leslie's Weekly,"* B.C. Forbes described the secret meeting between Republican Senator Nelson W. Aldrich and six of the most powerful bankers in the world. That this meeting had to be conducted in a secret, clandestine island location indicates the level of deception, concealment—and treason—at work.

Indonesian President Soekarno and President Kennedy were working together to dismantle the Federal Reserve. Soekarno sent Kennedy 1,700 metric tons of gold for his use in creating a new gold-backed US dollar. This was the primary reason the Cabal conspired to assassinate Kennedy. Shortly thereafter, a coup d'état removed Soekarno from political power, and he ended his days under house arrest.

In 1992, George H. W. Bush Sr. and his cronies publicly mentioned the New World Order (NOW), which as the informed are aware, constitutes the nefarious intent to control not only the human population of the planet, but also to totally control the world's financial system, through their fraudulent international financial agreements – most especially the Bretton Woods Agreement, for which the Cabal must be so grateful!

**Again, this deeply fraudulent agreement brought forth the IMF, BIS, and World Bank, which ensured the entire new Western Financial System was to be controlled by corrupt and perverted Banking Oligarchs.**

Nevertheless, it perfectly set up the Fiat Banking period in which they usurped the peoples' funds while simultaneously funding Europe's interests. Fiat currencies or IOU's are simply worthless pieces of paper or electronically created funds with no real substantial value (or backing) of any kind, yet are cleverly passed off as asset-backed "real" currencies. Their job was and continues to be the destruction of the U.S.A. and the World's economies!

**Such a few people... only 1% – to take down 99% of the planet's population!**

This crucial battle also includes their controlled minions within the American Congress, including the progressive Millennials and the left radical Democrat Party, globalist RINOS and Neo-Cons, as well as the US Chamber of Commerce, Teacher's Union and other powerful lobbyists. How can such a thing happen? It could happen only if we had not opened our eyes in time, but we have... which is making ALL the difference!

**Finally, this scurrilous Cabal has a real fight on their hands with the ultimate fighter and Amanah, Neil Keenan and the 'Swamp Drainer,' President Trump!**

We must confront their malevolent lies, media propaganda and fascist means head on, while also addressing the corrupt politicians; tossing them out of office. The Washington D.C. Swamp and Mainstream Media Cabal cohorts are the American enemy within the united States of We the People and the world!

When **Donald Trump won the 2016 election**— [TV Networks announce Trump wins 2016 election](#)—he awakened some of the people to what was really going on, whereby they began to gradually see the many wrongs that had been committed.

### [President Donald Trump Inaugural Address FULL SPEECH \(video\)](#)

#### **JFK To 911: Everything Is A Rich Man's Trick**

The Trump and Kennedy Families have had a long relationship. Donald Trump became a mentor to John-John F. Kennedy Jr. President Trump has had a life-long commitment to right the wrongs of the Cabal's assassination of Kennedy, subverting the Green Hilton Agreement to align with its Master Plan of Federal Reserve Fiat, the Financial Tyranny of the 911 World Trade Center and Pentagon 'Inside Job' to steal the gold and cover the trillions of financial corruption.

### [Yes, the CIA Director Was Part of the JFK Assassination Cover-Up](#)

Finally, the CIA admits to covering up the JFK Assassination. John McCone was long suspected of withholding information from the Warren Commission. Now even the CIA says he did.

Suspicious that the CIA covered up JFK's murder have finally been confirmed, according to an explosive Politico report out this week. Fifty-two years after the President's death, declassified documents show that the CIA were in communication with alleged assassin Lee Harvey Oswald *before* JFK's murder in 1963, and they were monitoring his mail since 1959.

### Understanding Trump's United Nations Appearance – He Was Speaking to America, while scorning the Cabal Globalists.

**President Donald Trump's United Nations speech was the death notice to the Cabal.** From an American perspective, one needs to consider three facts in considering his first United Nations speech:

**First**, President Trump was not speaking to those present, he was speaking to America;

**Second**, all those present are UN minions and henchmen to the Cabal—committed to NWO globalism and the end of individual and local rights;

**Third**, there is no going back from the Trump era – he's draining the Swamp's Shadow Government and stopping the Deep State of the U.S.A. Cabal Corporation.

President Trump's UN speech and press conference were a masterful display of intelligence and integrity – indeed, the word 'finesse' has been used in some global circles, which was not normally associated with President Trump during his campaign. Why finesse? He is finessing the Zionists – the last Cabal domino that must fall after the Rothschilds and then the Vatican.

### Trump Takes on the Federal Reserve Speech

Whether President Trump fulfills all his promises or not, America's path is now toward a restoration of the Constitution and a restoration of public power. His expressed intention is to displace banking power that's reliant on bribery, blackmail and legalized lies, including false flag operations, as the Modus Operandi of Global Cabal power.

**INTRODUCTION:** The derisive laughter of those assembled when President Donald Trump spoke of his economic triumphs can be explained in three ways:

**First**, the Administration hasn't been publicly forthright on the phases that have been accomplished—including the recovery of tens-of-trillions of dollars from the Cabal with the nationalization of the Federal Reserve—in its transition to the gold-backed dollar;

**Second**, the Mainstream Media (MSM) and Social Media Networks (SMN—notably Facebook, Google, Twitter, and YouTube) have been actively censoring and digitally assassinating those seeking to articulate the accomplishments of the Administration;

**Third**, everyone in the room is facing personal ruin if and when President Trump's full vision and master plan are realized.

### [Trump On Establishment Media: "Truth Doesn't Matter To Them" & Leaked 49-Page Memo Documents How George Soros Is Behind Social Media Censorship](#)

President Trump unleashed a tweet salvo directed at the "dishonest" mainstream media, specifically targeting the heads of CNN and NBC News, whom he christened "Little Jeff Z" and "Andy Lacky," respectively. Trump asserted that both men are unfit for their positions, and reiterated his charge on Thursday morning that a large portion of corporate media is an "enemy of the people."

*“The hatred and extreme bias of me by CNN has clouded their thinking and made them unable to function,” Trump wrote in his first tweet of the day. “But actually, as I have always said, this has been going on for a long time. Little Jeff Z has done a terrible job, his ratings suck, and AT&T should fire him to save credibility!”*

*“What’s going on at CNN is happening, to different degrees, at other networks – with NBC News being the worst. The good news is that Andy Lack(y) is about to be fired(?) for incompetence, and much worse. When Lester Holt got caught fudging my tape on Russia, they were hurt badly!”*

*“I just cannot state strongly enough how totally dishonest much of the media is,” the president wrote at the conclusion of his anti-MSM barrage. “Truth doesn’t matter to them; they only have their hatred & agenda. This includes fake books, which come out about me all the time, always anonymous sources, and are pure fiction. Enemy of the people!”*

**To those in the know, it’s blatantly clear that they are doing what they had been planning on doing for hundreds of years: they once again are attempting to steal from the East... from Indonesia and other areas of Asia.**

The recent Vietnam Summit was just a political show with back-door financial skull-doggery. Most of Asia was left feeling disappointed, as the least they expected was the official end of the Korean War.

South Korea is now ready to move on from the Cabal despite the last two Elders, Chairman Jong Su Lee (living in the US) and Chairman Hwang (living in London). Another area to take notice of is that there are five International Reserve Depository Banks (IRDB) that were established in 2005.

These are located in the state of Montana, and some of these banks are on Indian Reservations.

**Park-Chung illegally moved two bunkers from South Korea with an estimated value to the “tune” of 26 Trillion USD.**

## AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

How much “high strangeness” does it take to notice these unusual business transactions and to put the unusual puzzle pieces together?

World Bank Governor Kim Young is very excited in knowing that he will reside in Montana upon his retirement... which leads to the pressing question – Why?

**Answer: Follow the Money!**

How did these assets get into the U.S. without the approval of the Fed, U.S. Treasury, or even notification to POTUS or Congress?

**Is this a bailout that will enslave American taxpayers for generations to come? What's more, THESE ASSETS DO NOT BELONG TO THEM! These are stolen Assets! They belong to the original Depositors of the Global Accounts under the sole Trusteeship of the AMANAHA, Neil Keenan. These Assets need to be returned immediately!**

Pictured below is Dennis Lambert, the Chairman of the IRDB. The group photo below shows Lambert, the Korean gang and a spokesperson for many Indian Affairs projects.

**Dennis Lambert – Chairman – International Reserve Depository Bank  
Wonju, Gangwon-do, Korea – International Reserve Depository Bank  
Group Chairman at IRDB HONG KONG. Location: Wonju, Gangwon-do, Korea;  
Industry: Financial Services. Current. International Reserve Depository Bank.**  
In his own words, Chairman Lambert describes his business acumen world-wide as well as in Montana:

*“It was through my travels that I saw a unique opportunity to bring international investors and Indian Country together; subsequently establishing and becoming the President of the first foreign capital depository, Glacier International Depository (GID) Ltd., which was chartered under the Blackfeet Nation in Montana. Due to circumstances beyond my control and to protect investors; I made a difficult decision to resign from GID. I then went to work for the Native American Energy Group, Inc, where I served as the Director of Oil and Gas Exploration.*

## AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

*However, because of its vast potential and the benefits it derived for Native people and potential investors alike; I used this time to work out the kinks, and learning from my GID experience, I established the International Reserve Depository Bank (IRDB) in 2005, and in 2016 I established International Reserve Depository Institute (IRDI) where I serve as Chairman of the Board.*

*IRDB is chartered under the authority of the Fort Belknap Indian Nation and IRDI is chartered under the authority of the Turtle Mountain Band of Chippewa Indians and is a successful international depository banking model. My companies are depicted in [www.irdbhk.com](http://www.irdbhk.com), [www.udcllc.biz](http://www.udcllc.biz) and [www.udcdt.com](http://www.udcdt.com).”*

Below are photos of local IRDB banks in Montana:

So, it appears that they would try to rope Native Americans in and use the sovereignty of Indian Nations and lands for legal protection. This generation of Indians got smart and are no longer just selling duty-free booze and cigarettes or setting up casinos.

**Unfortunately, they can be conned into financial deals like these by shysters with promises that fog over greed.** Changes have been made in South Korea with the descendants of the Elders now serving as the designated managers of the bunkers, as appointed by the government or regime. In the past, each President operated their own private organization in which they used their power to loot most of the bunkers' Accounts / Assets. In addition, the private organizations of each former regime are now at war with the government appointed managers.

**Former Secretary General of the UN, Ban Ki-moon's** private organization, not to be forgotten, is also fighting against the officially appointed managers by associating and working with the corrupt past governments' private groups. Through the honorable efforts of the Sultan of Solo in assisting Neil Keenan to become the respected Amanah, many well-deserved and beneficial changes are soon coming to Indonesia and South Korea as a result. For some time, Neil has kept his finger on the pulse in both Indonesia and South Korea, while he has done all he can along with trusted local individuals to protect those Accounts, thus ensuring each country will no longer be fleeced by the West.

**After being exposed publicly, many other foreign officials have already landed in jail or have retired. Many attempted to rid themselves of their biggest pest... Neil Keenan... but to no avail! When the bunkers in Indonesia are opened, the so-called “financial war” will be over!**

Currently, Group K are stronger than ever, moving with increased efficiency; and we know who “they” are, especially those who created the tsunamis, earthquakes, volcanic eruptions, chemtrails, and other harmful methods of attack on humanity. We are well aware of what they are plotting now, so we are moving to block these brazen attacks. We also have lists of names and locations of where the chemtrail pilots are – so they can be dealt with properly and legally. Justice will be served!

In closing and to reiterate earlier statements, the United Nations is dying a financial death along with the IMF, World Bank, Vatican, Bank of England, BIS and many other banking institutions. Their latest devious plan is to once again rape the Global Accounts by mirroring them, but this time they will find the Amanah, Neil Keenan and his trusted minions standing in their way! Count on it!

**In the past Neil has fought them from a distance. Now, however, it will be right up close and personal—where Neil really excels! — in confronting their ongoing greedy, criminal activities!** Neil and his team will prevent them from further stealing what never belonged to them to begin with.

Currently, it appears that ex-Canadian Finance Minister Mark Carney will be heading their attacks. He'd best be sure that he can handle the heat, because justice is nipping at his heels right now. In addition, there's some tomfoolery taking place with very foolish individuals acting as though the Accounts belong to them.

The Cons bowing to the Con-Man Loh Han Chuan. The OPPT/Swiss Indo group photo after the signing with Ms. Su

**Even members of past organizations, such as OPPT and Swiss Indo, have jumped back in the arena hoping to catch some of the spoils!** Above is a picture of some of these individuals bowing to a man who falsely claims to own the specialized computers containing the Black Screens.

## AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The picture further shows the contents of the gold contract and transaction between the United Nations Treasury Secretary and the National Grand Master General, Ms. Su Honglian and the Governor of the Hong Kong and Shanghai Banking Corporation (HSBC), the Governor of the Bank of England and the President and some staff of the Royal Dutch Bank.

**Not one of the above mentioned had any business signing a contract pertaining to any of the gold that relates to any trust under the purview of the Amanah, Neil Keenan.** Ms. Su is but a trustee that now comes under the authority of the Amanah as agreed by the depositing Asian families. She had no authority to sign this or any contract with anyone without the permission of the Amanah.

**This is once again an attempted theft of the Global Accounts by the West and their associate bankers and the Amanah is advising all of you now that this contract is null and void and he will file a claim against Ms. Su in International court. These same people were once tied to OPPT and Swiss Indo. They are again failing at an attempt to forge a contract to steal the assets.** (The irony here is that one of these criminals is providing The Amanah, Neil Keenan, with all the information!)

The con-man Loh Han Chuan (passport) whom Sedona, Arizona cons were bowing to.

Some time ago the authentic Count Albert (now deceased) of the Golden Dragon Family wisely cautioned Neil to stay far away from this same man, Loh Han Chuan. He is not what he claims himself to be! As Neil continues to move forward with the strength of the Amanah, he's considering a request for immediate arrest warrants against them all.

Benjamin Fulford's fake 'Count Albert' and his Con-Associate Thomas Lennon

### Vatican Hustle: Con Men No Longer Welcome in the Holy See

Below is a cautionary advisory to any corrupt Asian Elders or anyone else watching the Accounts who may consider stealing in any way. This is always what has happened to those who did not heed the warnings of the Cabal. **The individuals above did not listen to the Cabal. Now the Cabal had better start listening to the Amanah.**

After taking a necessary break, quality time for further reviewing and adjusting his plans, Neil is now ready to return to Indonesia to complete his mission there along with his most trusted allies. Unfortunately, this beautiful country has tragically bore the brunt of the Cabal's relentless attacks by not releasing the gold that former Secretary of State John Kerry blatantly demanded in the past.

Despite their recent heavy losses from the tsunamis, earthquakes and volcanic eruptions, it is certain that the heart and soul of Indonesia and its people will rise again and return it to its best form ever! **We send our prayers and deep respect for all those people who lost their lives. They will not be forgotten, and Indonesia will become the Jewel of Southeast Asia.**

### **NEIL KEENAN UPDATE | There's A New Sheriff in Town No More Freebies**

Following this last post, we received many communications from various people throughout the world. None however, were any more belligerent than the comments made by DENNIS LAMBERT, Chairman of the (IRDB) International Reserve Development Bank, who was a featured individual that was exposed in our last post.

*After listening to threats and so on (with his not knowing that I can have him picked up at nearly any time I wish) our team went to work and discovered the stolen funds that were transferred from South Korea to Montana – were now being used to finance another branch of the IRDB Bank in Seoul, South Korea itself.*

***Is it not ironic that the IRDB would be setting itself up within the very nation from which it stole the funds in the first place? However, you look at it, the money did not belong to either LAMBERT and his team nor South Korea; therefore, these are to be seen as stolen funds considering that most of said funds are owned by the Golden Dragon Family.***

***Most would consider such a move to be a severe lack of wisdom. Returning to the scene of the crime, unless you have the support of some highly influential people, it appears to be a rather stupid move.***

*Well, for the book – we assisted in putting former President Park of South Korea where she belongs, and now it has become apparent that others will become subject to the same criminal courts. We know who they are as well. As for the individual and group pictures in the previous post, I have already made it clear.*

*The US Sedona Group is just a bunch of old lost souls. These people have been misled, but needless to say, they are still participants in a crime or criminal behaviour. They are all nonetheless little more than small-time thinkers, hoping to 'get rich quick' by playing in an Asian game.*

***On the other hand, Mr. Loh, as described by the Malaysian newspapers, is nothing more than a con and not a member of the Dragon Family. If he were, he would have no necessity to steal from assets that were rightfully owned.***

*Loh is definitely connected though, as can be seen from a bank document I received regarding a transaction for 10 Billion, 200 Million Euros that was transferred between Deutsche Bank in Germany and Hang Seng Bank of Hong Kong, with HSBC Bank of Hong Kong accepting full responsibility for the transaction.*

***The irony of this bank credit to Mr. Loh is that, although being signed since my last post no one has gone near the funds. Mr. Loh, they are surrounding Hong Kong as I speak and are closing in on you.***

*Further to the Global Fund thefts which were mentioned in our previous post, there was recently a congregation of foreign businessmen and bankers led by Jamie Dimon, Chairman and CEO of Chase Manhattan Bank, and many others which took place in Tokyo, Japan.*

***Of most importance was the discussion regarding the transferring of asset agreements from the Global Accounts from the actual depositors, over to the Banks. This an outright attempt to steal what has been called (and is considered to be) the lynch-pin of the financial system of the entire world.***

*This malicious plan would allow the Cabal / Khazarian Zionists / NWO yet another nefarious attempt to allow their hijacking of the global financial system for the third time. The original Bretton Woods agreement of 1944, and the second Bretton Woods agreement of 1995 – and the same outrageous ploy outright is being attempted again at this time.*

***This time they are not operating in the shadows, and it is oh so transparent.*** Their trying to pull this off it is going to leave them wide open for criminal charges, not only people but organizations. There were unintended consequences that appear similar to that of the [\*Appalachian group\*](#) in the 1950's.

*At the time many known Italian gangsters were meeting to discuss certain things, the likes of which they wanted no one to know about when they congregated in NY. Word had leaked of the meeting, and the FBI and other organizations were there undercover to gather intelligence.*

[Photographs were captured of the players involved, and of the license plates of their autos. This evidence was all gathered in order to acquire the details of who was inside the meeting]

***For those who were involved in the recent Tokyo meeting, be advised that history has indeed been repeated, and your participation is firmly on record! We already know who you are. In terms of other developments, there has been in the works a deal between Jakarta and South Korea.***

- ▶ ***35 MT of Gold ready for sale***
- ▶ ***42 Types of Hall Mark***

*Details of this transaction leaked out from connections within the Bank of Korea. This again involves assets belonging to the Golden Dragon Family. **Because this is a humanitarian cause, as the Amanah, I will request arrest warrants for those involved. Justice will be done.***

May 22, 2019

*"Following recent publications in which Mr. Keenan and his Keenan Group shed light upon what only can be termed as the "highway theft" that is, and that continues to transpire throughout Asia (and has done so for decades); I understand that he has received a multitude of calls from individuals and collectives who have been following his actions, the world over.*

*It is of little wonder that at a point, that "leaving the phone turned off" was the only way that anything else of import was manageable. One is compelled to reflect upon the following point after these relatively recent events: What effort has any government department or agency (anywhere) actually undertaken to investigate the unlawful transactions that have been exposed of late?*

***The only conclusion that one is able to reach, is that the entrenched establishment (bridging multiple borders) have in actuality, been colluding and conspiring to keep knowledge of thievery on a massive scale, from becoming public knowledge.***

*What has become public knowledge, even if still only to a minority, is that there are many factions within the Illuminati (or "Cabal") that have been working towards what some term as a "New World Order", incrementally, over the span of a great deal of time indeed. Said factions vie for control of this within their own ilk, but nonetheless a key part of the overall roadmap calls for the elimination of approximately ninety percent of the human population of this world.*

*This is an unconscionable concept to many and so it may be easily dismissed; unless one is sufficiently educated so as to be able to understand the psychology and beliefs of those who consider themselves the elite; with "the divine right to rule". However, I digress. With respect to the voluminous recent transactions (which have been downsized), let us take stock of resulting developments.*

*Mr. Loh once again, caught setting up a "group chat." One wonders what became of Mr. Loh's minions in Sedona? Perhaps they were dispatched as a result of appearing in photographic evidence of their actions. It is doubtful that any discerning professional worth their salt would give any consideration to a person who conducts themselves such as Mr. Loh has done.*

*This brings us to the "new Sherriff" in town. A comical term perhaps, but I can assure readers that Mr. Keenan does have an agenda that is powered by an intense commitment to assist the people and nations that so desperately require such, especially after what they have been subjected to.*

***Alas, South Korea finds itself within the crosshairs again. Queen Elizabeth II of the United Kingdom sent her second son, Prince Andrew to meet with South***

***Korean officials on the recent 14th of May. This meeting was “all about the bunkers” and it was an effort towards the survival of the British Royal Family.***

*Frankly speaking, Andrew turned up with his hands out and with the appeals of a beggar. Unfortunately for Andrew and his “betters”, not on that occasion, nor upon any other in the future, would any deal be conveyed. The leaks within his family’s ship are both the fault and problems of their clan alone.*

*It is not entirely surprising that with the ‘New World Order Cabal’ factions now finding themselves on the skids (including the fully infiltrated Democratic Party of the United States, which is buckling at the knees) that we are seeing Illuminati emissaries attempting to gain access to bunker assets in various locations around the globe.*

*This type of activity is being attempted not only in South Korea; this weaseling is also in play in Thailand, Japan, Singapore and China. Mr. Keenan has previously exposed and thereby blocked such attempted thefts in Indonesia, Malaysia and the Philippines.*

***The “Cabal” were never going to relinquish their hold on the financial system of the world without a fight. Ad nauseum, it is all so very surreptitious.***

*Furthermore, we see the likes of Alan Barr, Peter Elenmo, and Alan Ashborn flailing about Asia in Elizabeth’s stead. These unpalatable characters would try to steal even from relatively poor countries such as Laos, Cambodia, and again, Thailand. However, these countries still stand strong and with pride; they will not betray the trust that has been placed with them.*

***There are trustees within South Korea that have found themselves with quite a management predicament.***

*Trustees of local bunker assets are very afraid for their lives as a result of being threatened by their own government, who are themselves under “Cabal” thumbs.*

*Essentially, the South Korean trustees have been subject to a forced effort to “sign over” Trillions of dollars to either Obama, or the soon-to-be-visiting George Bush Jr. (who will be in South Korea on the 23rd of this month.) And so, we are now observing another Bush faction (or Bush faction flunky) undertaking to steal assets that absolutely have no relation to the Bush faction nor the United States.*

*Bush attempted to sneak in on the meeting on May 22<sup>nd</sup> here's this picture as evidence.*

*And to the attention of all Americans: Is it not TREASON for any Ex-President to be involved with political or financial negotiations with another country without the approval of either the incumbent Secretary of State or sitting President of the United States? It is apparent that Mr. Bush and his faction are scrambling for finances due to their increasingly encroached upon drug trade activity. Or perhaps this is in an effort to clear Amphetamine routes from North Korea? You're advised to go home Mr. Bush & Co.*

*Our combined efforts have made it clear that most of the bunker assets throughout Asia belong to the Golden Dragon Family. Given my “inside” knowledge with regard to such matters, I find myself doubting that the Family would give the Bush “Cabal” faction (nor any other), even one cent; considering how much these charlatans are on record for having stolen over the years.*

*Unfortunately, we see President Moon Jae-in of South Korea reviewing the inventory in preparation to provide the “Cabal” crooks with that which they demand. A pivotal point here is this: How can President Moon convey any assets as such that he does not own? Time will tell whether Jamie Dimons' fraudulent tampering in terms of Japanese documentation may be approved or not. If this endeavor were to be approved, then a clock will begin ticking.*

*Mr. Neil Keenan is the Amanah and there exists no scenario under which he would allow such events to play out to their intended conclusion. And so, readers might ask: Why is Mr. Keenan not able to have more forcibly prevented these ongoing actions? The answer to this question is that Mr. Keenan is (although elected) not seated yet.*

However, he is putting together a formidable task force, despite having been delayed by perennial sickness due to repeated poison attacks.

The Amanah's next steps (those that may be mentioned) include a thorough audit of "the books" and a detailed inspection of the archives within the "black screens", accompanied by a visit to Asia within the next couple of months. And thus, the Amanah, Neil Keenan, enters the next phase of the battle; by way of exposing the "Cabal" players, and their banks, with all and sundry soundly on the road to being placed where they rightfully belong.

The winds of change are upon us all. And a storm is brewing in most the most unavoidable of fashions. Many bunker holders/guardians already now reside outside of their native countries; because they have stolen assets from the very bunkers that they had been entrusted to protect. To such persons: **You are now on notice that arrest warrants will be issued in due course.**

Mr. Keenan acknowledges that in terms of the bunkers, that each manager, elder and guardian does indeed deserve to be paid for their invaluable services – but of course not those who have stolen from what they were entrusted with and whom are currently hiding in mansions outside of their native countries.

You know who you are and you should be advised that Mr. Keenan has your particulars. One day there is going to be a knock at your gates, followed by cuffs around your wrists. Collectively, we understand that we can trust that the Hong Kong Redemption Committee and HSBC Hong Kong (Sister) will never work with the "Cabal", despite their being many others who fear the "Cabal" that would gladly bend over backwards to accommodate them.

Mr. Keenan has requested that the Golden Dragon Family allocate the necessary resources in order to provide satellite (and ground) monitoring of the scheduled meeting between George Bush Jr. and the President of South Korea, Moon Jae-in, this coming 23rd of May. The date of this meeting has already been brought forward from May 24th because of recent developments.

Mr. Keenan prays that the Golden Dragon Family will have such measures in place in time. One point must be made unequivocally clear: The world needs to see what happens when any foreign Ex-President (or any other individual or group) embroils their self/themselves in attempts to unlawfully abscond with assets over which they have no ownership rights. The Western "Cabal"—the elite one percent—is surrounded, and the East has eyes everywhere. Cease and desist with your greed, lest you be no more. You can make it either easy or difficult; transition is taking place. You are few, we are many.

With warm regards, "The Asian Insider (II)"

### **NEIL KEENAN UPDATE | South Korean Fire Sale – Come One Come All**

June 30, 2019

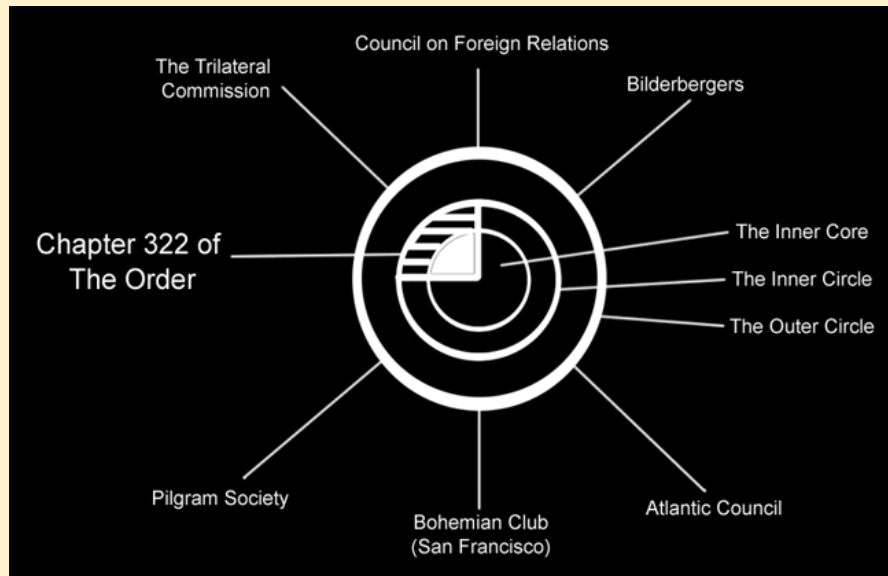

***Right now, South Korea's General Manager of Bunker assets, President Moon Jae-in and many other countries are negotiating the "Fire Sale" of many of the bunker assets that they manage but do not own.***

*They are absolutely and knowingly party to blatant illegal theft, without concern of any penalty to themselves notwithstanding the nations that they represent. This is because they feel that they have protection under the umbrella of what is known as the "Cabal". As we all know by now, I have stopped South Korea many times from dealing with assets that do not belong to them.*

*I will do it again and I will stop them again, and if necessary, request the filing of International arrest warrants against the particular persons involved. We have their names and their particulars. And yes, once again we have photographs and this time the 'big ones' are flying into South Korea and Japan to assist in stealing what belongs to none of them.*

*It is important to note, that all along, they are utilizing the fake cover of the G20 meetings to hide their actual endeavors. In fact, when viewed in the proper context, the G20 is nothing more than the Skull and Bones at an international level.*

*This is all a big charade; a puppet-show scam. This substantiates facts: The show is almost over and the resulting desperation has become revealed. Remember what I say here: This is the “Cabal”, Khazarian Elites, or NWO – or any other name that you may choose to refer them as but this is CABAL. This group is now in a desperate attempt to acquire some financial liquidity and add it to a dry well.*

*Look behind the G20 curtain to see the real play going on. Look who's coming to the party in South Korea this week...Today, Saudi Arabia's Crown Prince Mohammed bin Salman (33 years old) visits South Korea to meet President Moon Jae-in.*

## AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The Saudi royal family has not visited Korea for 21 years. Saudi wells are running dry and expenses are rising; thus, coffers need to be replenished. And discussions will not be with regards to the negotiation of providing more Korean cars to keep oil demand up. Trump was in South Korea on June 29th and this was not to say "Hi" to the troops.

Remember, that we sent a military carrier away empty a few years ago? Are we there to sniff flowers this time? Most recently two people from Taiwan and a far-East Asia representative from Hong Kong City Bank also arrived in South Korea.

These people are trying to make a deal regarding bunkered yen and gold with Japanese representatives during the week. They are currently in South Korea.

*We all know about Citibank's illiquid situation and Hong Kong's financial reputation. Add to the visitor book, the Construction Bank in China which is negotiating the purchasing of Hong Kong bonds from South Korea (obviously in a bid to secure them before Western interests do).*

*And rightfully so. They have had their fill of the "Cabal" as nearly everyone else has. Khazarians are everywhere but not liked anywhere. The China Construction Bank has sent 3 Billion USD to South Korea and they are also actively moving to buy Japanese currency from Korean bunkers. This is another leverage move.*

*Today I was informed him that two Japanese will be arriving in South Korea next Monday. They are already in possession of a sample of the Japanese currency that they sought and so they are going back to South Korea to trade. They also stated that they would buy 20,000 / MT of gold.*

*This group "claims" that they have already been approved by the US FEDERAL RESERVE among others (all "Cabal" of course) and that Taiwan's fund manager will be flying to South Korea next week in order to meet with them to close the deal. Again, we are right on top of this.*

*Furthermore, they "say" that the Agency is behind them and the transaction is said to be "safe". What Agency? And why would the CIA be protecting their transaction when in fact they most likely could do this deal among themselves?*

*I know they would like everyone to believe the CIA is behind this but this time the threat of the Agency is there to get the Managers of the bunkers to follow through and give the bunkers up to those that have nothing to do with the Agency.*

*Does that sound like a scam to you too?*

***Our group has them all under surveillance, and of course President Trumps' name is being used once again by his adversaries—Democrats, Communists, Cabal etc.— in their attempt to re-launch their defunct financial system.***

*President Trump is flying in for the G20 Summit and yes this "Fire Sale" is going to be discussed – and how they would like to make it happen – but they will be surprised.*

*This is surely moving at a rapid pace in destroying what the "Cabal" hopes to accomplish and straightening out many Asian nations which hope to use the Golden Dragon (and other assets) in their quest to become rich.*

*Also, let it be known that satellites are in place and our people have already accumulated much evidence in terms of documenting these events. We know who they are and what they are doing.*

***There will be no escaping our wrath regarding their involvement in these matters.***

***They were not discussing Chinese food.***

*The above picture was taken at a recent dinner held with the Consul Generals in Hong Kong. In attendance were representatives from South Africa, Myanmar, The Philippines, Colombia, Malaysia, Nepal, Vietnam and Zimbabwe.*

*We have all of their names, positions, ranks, etcetera; including all pertinent information on how to reach them whenever we wish to. I will request arrest warrants for all of them – and not only those in Asia.*

*I will also request arrest warrants for the individuals who have already stolen – and who are living in other countries in an attempt to escape the inevitable penalties that await them.*

*Those involved should be aware of dark shadows in the night as the owners of these assets will ultimately ensure that they are protected. Right now, they are under surveillance.*

*I have given South Korea the opportunity to avoid all of this, but to date they believe strongly in the safety of the “Cabal”, not knowing that the “Cabal” is losing this battle resulting from the ongoing actions of President Trump and others who are fighting alongside us.*

***There now exists no scenario under which we would lose.***

*“They” will find out shortly what is awaiting them just as former South Korean President Park did behind prison bars. [South Korean court raises ex-president Park's jail term to 25 years.](#)*

### ***Look Who's Coming to Dinner***

*Note: South Korean asset managers believe they are being driven by the logic of power. They still believe that the US Federal Reserve is omnipotent. Little do they know, that this part of our battle is over with. There are eight large bunkers in South Korea that are being targeted. The manager of these bunkers had been in a coma for four years. These assets are now under his son's control, and he knows what to do!*

***South Korea is not the only country that has been duped into believing that the US, "Cabal", and others – are the only means by which to cash in the assets that do not belong to them. Some Chinese friends also believe that the "Cabal" is the only avenue by which to 'cash in' the assets they manage, although some have stepped back knowing better days are yet to come. They are also aware of what we are doing and are with us.***

***Come One, Come All!!! President Moon Jae-in does NOT have control or any authority over these bunkers and the bunkers' thus, the General Manager and individual bunker managers are not paying him any attention forthwith.***

*Therefore, President Moon Jae-in of South Korea; recognizing the problems that have been created worldwide with such a Flea Market being established involving the wealth of the Global Accounts held in these bunkers, has illegally asked others to take control of the bunkers, but they too have refused.*

***The bunker managers seem to have taken this matter over themselves. They are also tired of the stealing, but because of the extent of the corruption around them they decided to participate and gain some wealth for themselves. However, they were not aware that all of their actions are on record.***

*Moon Jae-in is not liked much at this time in South Korea among the thieves either. One further note, here is that South Korean managers have become increasingly dissatisfied with Moon Jae-in as he had become heavily involved in stealing the assets in the past. Even now, Moon Jae-in continues to try to do so. It seems as though neither side can get things right over there.*

**Meanwhile, President Trump is most likely telling them that he is with them all the time – whilst holding the rug in his hand ready to pull it out from beneath them.**

**You better know who is ‘The BOSS’**

**And here, this is a final tidbit of information relating to Israel sucking up to South Korea. This is an image of the original Mosaic Pentateuch which Israel recently gifted to South Korea.**

**It was written between 1,050 and 1,200 years ago. Ask yourself “why?”**

**In the “mean” time, enjoy your popcorn whilst watching the rat fight in South Korea and count on us to keep our eyes on things and to prevent anyone from moving assets in the air, on land, or sea.**

**All are being watched. See them scurry when the light shines upon them.**

### **NEIL KEENAN UPDATE | Exposed: Japanese Prime Minister / Cabal Puppet: Shinzo Abe**

July 10, 2019

Just when we thought that the Cabal players were going to shut the hell up, they kept the incessant rumors alive among themselves, creating even more disorder and chaos between them.

***I'm sitting here relaxing while taking in what the G20 "accomplished", which is NOTHING, and on the other hand, watching to see what their own personal business may possibly accomplish, which is still yet to be determined.***

*There's no question they have a newbie amongst themselves, Crown Prince Mohammed bin Salman of Saudi Arabia, as evidenced by the fact he was standing right beside President Trump while President Putin was having a good laugh at the entire matter. What seems to be agreed upon among themselves is that they must create ever more worldwide chaos in order to stay alive. Doesn't the NWO imply that there is "order out of chaos?"*

***It now appears that the person hired to do just such a thing is Prime Minister Abe of Japan.***

***According to sources familiar with Benjamin Fulford, Japanese Prime Minister Abe reached out to fellow members of the Cabal state players soon after completion of the G20 – which was just window dressing for the main event: This was to steal the Global Accounts.***

**Amanah Neil Keenan**

Shinzo Abe apparently advised G20 gangsters—although they took a pretty good hit after the latest post on NeilKeenan.com condemning the Cabal / NWO, especially with the exposure reaching President Trump on his visit to South Korea—that there would be no other GCA Korean Bunkers pillaging opportunity like this in the near future.

Abe reassured his colluding-cronies that Neil Keenan had no further information to provide the public. PM Abe boldly stated, *“Keenan no longer has any holds over any of us.”*

Contrary to Abe’s “fantasy wish list”, Neil has plenty to release yet – which not only further exposes Abe, but also shines the light on many of the delegates Abe sent forward representing him to South Korea in his blatant and nefarious attempts to steal the Korean Bunker Assets.

Furthermore, Neil has it in his wherewithal to expose what very recently took place in certain hotel rooms in South Korea. If Abe had kept quiet, rather than attempting to pump himself up in front of his cohorts, then this most likely would never have been exposed.

At the same time on Thursday, June 20, 2019, while the G20 was taking place, another crafty scene unfolded in the Toyokobi Hotel in Dongdaemun, Seoul, Korea at 4pm – as six thieves gathered at this hotel.

Mr. Kojima, a 96-year-old Japanese, Two Taiwanese; Mrs. Chen and Mr. Wu, one City Bank official from Hong Kong, (the Far East Asia General Manager), and two other Koreans.

They gathered to stealthily purchase Japanese Yen and Gold from the South Korean bunkers; which were all criminal acts in accordance with Korean Law.

Furthermore, in their attempts to illegally purchase the Yen and Gold, they deliberately lied to the Korean Bunker Officials in order to actually succeed.

They claimed the following:

- ▶ 1. That they had received the FED'S POA along with PRESIDENT TRUMP'S approval.
- ▶ 2. That the Japanese Yen denomination is expected to be received from the Ministry of Finance when it is submitted to the Japanese Ministry of Finance.
- ▶ 3. That the Taiwanese claim they can procure safety for this transaction by moving it to the FED.
- ▶ 4. That the Dollar and Yen should be dealt with now, seeing they are soon going to lose value as planned.
- ▶ 5. They requested 20,000 MT of Gold as well.
- ▶ 6. They claim the CIA will assist them with the safety and transfer of the Assets which will then enable them to trade safely.
- ▶ 7. That everyone involved in this transaction will be issued a US Green Card.

They also presented 10 copies of the 100,000,000 KRW checks issued by Nonghyup Bank in South Korea to the Koreans. They possessed more than 150 checks. Also, they are brazenly requested original samples of Bunker Assets...

**Prime Minister Abe, hear this clearly once and for all: You have no more secrets as they relate to the bunker Assets!** I have flies on every wall watching every move made by yourself and your fellow greedy thieves.

This is not the first time you have attempted to steal the Assets. You even mobilized the Japanese military for the first time since WWII a few years back when Japan planned on utilizing its military to steal the Indonesian Assets.

***Prime Minister's Abe's G20 plot isn't the first one that Keenan exposed and terminated: Keenan Exposes Plot for Japan to Invade Indonesia in an Attempt to Steal Indonesian Gold***

*2014 – (August) The Japanese military mobilizes for the first time since WW2, in an attempt to invade and steal the Indonesian Gold; only to be derailed by Keenan who publicly exposed the planned attack.*

*Keenan exposes the plot of Colombian drug dollars being sent by the Clinton Arkansas Foundation directly to Indonesian globalists and politicians in their attempt to create panic and chaos in Indonesia and change governments. The plan was to assassinate the Indonesian Vice President.*

*The Clinton Gang had flown in on their private jets, the Japanese Emperor's sister had also flown in on her jet with her Indonesian husband, and money transfers had taken place through Bill Clinton's Arkansas Foundation – directly to a political party.*

*Said funds were illegal, confiscated Colombian drug funds which somehow found their way from the US Drug Enforcement Agency coffers through the Arkansas Foundation into Indonesia with the main objective being to steal what does not belong to either the Clintons or the Japanese Emperor's sister. The assets belong to the depositors.*

*We advised long ago that this was the plan, and of course that the Japanese Military is on standby. Should they not be able to purchase the gold, the West and their allies will attempt to take the assets one way or another.*

**PLEASE BE ADVISED, ONE AND ALL: WE ARE WATCHING YOU AND WILL FEEL NO REMORSE IN ACQUIRING CRIMINAL INDICTMENTS AGAINST EACH AND EVERY ONE OF YOU.**

**SO DO NOT BELIEVE YOU ARE SAFE WHEREVER IT IS YOU GO WHILE REPRESENTING THE CABAL, SEEING WE ARE CLOSELY WATCHING YOU AS THE PICTURES ABOVE CLEARLY DEMONSTRATE!**

**DO NOT BE BAITED ANY FURTHER AND DO NOT GET TRAPPED – AS YOU ARE HEREBY NOTIFIED OF YOUR EXPOSURE!**

### **NEIL KEENAN UPDATE: Neil Keenan's Covert Return to Indonesia**

July 2019

The first half of 2019 was a quiet on the public front as Neil prepared stealth plan of operation involving himself and his traveling crew to covertly return to Indonesia. Neil arrived unannounced at the end of July, 2019 for a brief rest stop in Bali before relocating his base of operations to Yogyakarta.

Neil, Neesham and two Australian BRT Buyers

Neil's Indonesian cover story was that he arrived to deliver a new Bio-Resonance (BRT) Healing Computer to two Australian buyers and provide three days of training, which was true. Although, another purpose was to arrange a meeting with the Sultan with the intent to discuss and strategically plan operations involving senior government officials and military officers in collaboration with the Amanah to audit and remove the bunker assets to a designated Indonesian Bank.

**The secretive purpose was for Neil to officially and publicly be “seated” as Amanah, but all that required a meeting with the Sultan and undercover planning.**

Neil and Group K were anticipating a productive progress on the Amanah and GCA Bunker front to achieve some key objectives on his return trip to Indonesia. Neil and Group K's Group spirits were high and everyone's expectations were focused on fulfilling the primary tasks ahead. Besides achieving Group K's initial Amanah and GCA Bunkers objectives, the other core intents of Neil's trip was to move forward in particular with healing technology with implementing energy and water infrastructures, as well as establish a functional Foundation for launching humanitarian projects in Indonesia.

As with all Amanah spiritual and physical trials and tribulations, Neil and his traveling crew's arrival began with unsuspecting challenges for one of his main associates. Neil had his Irish friend join the crew as his security officer and military liaison. Neil's friend was a big burly Irishman with extensive military experience with value added security and business expertise. Upon landing in Bali, the Irishman was outflanked by an invisible foe and was immediately targeted and mercilessly attacked by the darkest of Jinn.

Although, the Irishman has knowledge of and spiritual experiences with fairies and Leprechauns, but he wasn't prepared for ghostly hand-to-hand combat with Jinn, whom he couldn't see to defend himself. He was relentlessly attacked by dark etheric entities, which swirled around his body with blind-sided punches and forceful body slams, as well as created delusions within his mind.

The Irishman's spiritual encounters with the metaphysical, dark Jinn entities was far beyond anything he had ever combatted in his military service and confronted in his lifetime as a fearless military leader. He was mentally tormented and physically exhausted as he couldn't sleep and was constantly swatting in the air at the etheric Jinn to no avail.

Neil opted to bunk with his Irish friend in his room to keep a check on him. Thomas attempted his learned Malaysian Shaman techniques in an effort to provide some temporary relief for the Irishman, but neither could diminish the Irishman's dark Jinn attacks.

The Irishman's 5-day battle with the dark, evil Jinn entity escalated to the point that Neil was concerned for his friend's life. Therefore, the last resort was to have the Irishman sedated in the hospital and catch a flight back to Ireland to recover.

Even though, Neil was traveling in an undercover stealth mode with a BRT cover story, the word soon spread in Indonesia and beyond of his arrival amongst those who intended to impede his Amanah and GCA Bunker objects, as well as cause some dark entity obstacles. Apparently, Indonesia needed some evil entities 'house cleaning' too.

The disconcerting hospitalization and departure of the Irishman wasn't a major setback in fulfilling the purposes of the Amanah's trip. Although, it did cause a delay, as well as alerted Neil's crew as to seriousness of their spiritual opposition. This would be another "test" of Neil and Group K's determination and fortitude in support of the Dragon Family and Indonesia, as well as provide for its people.

Neesham, Jo, Neil and Thomas in Yogyakarta for a stay at the Hyatt Regency.

In moving forward, Neil and his crew settled into the Hyatt Regency hotel with a focused intent to fulfill their key purposes for their brief trip. Some of Neil's designated crew members applied their crafty communication tactics to inform the Sultan that the Amanah has arrived in Yogyakarta and requests to meet with him.

Crew members went to the Sultan's Keraton (Palace) and his Governor's Office leaving messages and arranging meetings with his Liaison officers, Vonny and Bima. Both were willing and helpful to arrange the Amanah's meeting with the Sultan, but they became stonewalled by the Sultan's personal secretaries.

At first, Neil suspected that there was a strange disconnect since neither of the liaisons nor the Palace staff were aware that he was the 'elected' Amanah, especially since the Immigration authority had verified it due his delayed departure from Indonesia in 2018.

Then Neil insightfully realized that the Sultan had deliberately kept the Palace liaisons and staff unaware of Neil being elected as Amanah by the Indonesian Elders and himself until a specified time when Neil was formally 'seated' as Amanah.

Most Indonesians do not speak English, and even fewer follow Neil on the Internet, so it was understandable that Neil was still an unknown Amanah except, for key Elders within the Sultan inner circle and selected government officials with a need to know.

Neil's unknown Amanah status realization compelled Neil to take a different tactic and have his crew initiate an educational approach as a means to establish his 'elected' Amanah credentials and ultimately open two-way lines of communication with the Sultan. Numerous day excursions were made to the Governor's office and night missions with messages to the Sultan's Palace were activated.

There was one bit of information he received from the Palace liaisons, which was troubling to Neil causing him to question as to why the Sultan traveled to South Korea?" Certainly, it wasn't to promote a bi-cultural event. After contemplating the possible reasons, Neil sent out messages to his reliable intel sources in South Korea to confirm the real reason the Sultan to attend meetings in South Korea.

A few weeks later, after the Sultan visited South Korea, Neil received a disconcerting report from his intel sources. The Sultan had been deceived to enter into an Indonesian gold deal organized by two Korean Brokers who represented a Ukrainian Financial Consortium buyer. The South Korean proposed 'deal' was to sell Indonesian gold to Ukraine—although the gold was the 'Depositors' and the assets weren't owned by South Korea— that offered lucrative under-the-table kick-backs to the corrupt South Korean politicians who orchestrated the deal with just a pittance commission paid to the Sultan for his role to 'show up' at the meetings with the Korean Brokers.

What was not fully disclosed to the Sultan was the fact that the Ukrainian Financial Consortium was a concealed organizational operation for the Khazarian and Rothschild financial corporations, which intended to make payments to the Sultan for the Indonesian gold with its worthless Euro currency.

It was blatantly evident to Neil that the Korean dealers and Ukrainian Buyers were con-artists whose Cabal orders were to trade worthless Euro currency for authentic, Indonesian gold assets and to ultimately to entrap the Sultan and unwary Indonesians. Neil Keenan wasn't going to let the Sultan seal the S. Korean and Ukrainian deal under his Amanah watch!!!

The senior liaison officer, Bima, was most cooperative in transmitting Neil's persistent messages to the Sultan. Also, Bima kept Neil and his crew informed as to the Sultan's itinerary, which was full with prior scheduled meetings and committed events outside of Yogyakarta. At the present time, the Sultan didn't have an open slot to squeeze Neil in to meet with the Sultan due to prior obligations.

Neil happened to miss a brief window of opportunity to meet with the Sultan when he was at the Governor's office where the Sultan was attending a meeting. Unfortunately, the Sultan's secretary failed to give him a message that Neil was at the office until after his meeting concluded and Neil had departed after not receiving a reply. The Sultan rebuked his secretary, but it was a misfortunate communication error for both of them.

Bima updated Neil that the Sultan was scheduled for an overseas trip to Australia and then South Korea at the end of September, so things would have to wait until October for any chance of a meeting and even then, the Sultan had full bookings to attend events. The dire words "South Korea", of course, triggered Neil, which would lead to another event later.

One of the other reasons for bringing Neesham from New Zealand to Indonesia was to treat the 72-year-old Sultan who needed a BRT treatment and a value-added age reversal. Since a session with the Sultan was difficult to schedule, it was decided to give his liaison officers a healing session so that the Sultan would have someone in his inner circle who had firsthand experience on the BRT Healing Computer. Bima got that honor and performed well before his fellow officers. It was a successful demonstration.

Since the S. Korean intelligence information was also too sensitive to pass openly through the Sultan's liaison officers; Neil continued to try to reach the Sultan through his personal secretary at the Governor's Office using multiple direct line numbers. There was no answer. He tried to call the Sultan's personal secretary at the Keraton. Also, there was no answer.

The only promising and direct channel of communication was through the Sultan's immediate family. Neil, Thomas and Neesham had met with the Sultan's son-in-law and his eldest daughter, Gusti Mangkubumi, on previous visits to the Palace (Keraton), so of all the family members they were best chance to pass the urgent message to the Sultan. When Neil went to the Palace, he was informed by the staff that the entire family was away in Bogor for a wedding over the weekend.

The Sultan's meeting in S. Korea to approve the Korean-Ukrainian corrupt gold loan was to be held on Monday, so time was of the essence, but Neil always has a contingency. Neil was determined to forewarn the Sultan and circumvent the Indonesian gold deal by any means possible. Neil's contingency plan was to drive for hours to Yogyakarta on Saturday night to the residence.

## AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

As Neil's Irish luck would have it, the family's secretary just happened to be at the residence when they arrived. The secretary was a kind and willing young woman, who spoke perfect English. Neil explained the critical situation to her and then wrote a note to urgently pass on to the Sultan.

The secretary agreed to relay Neil's message by phone to the Sultan's younger daughter as soon as she could; which, she managed to dictate to the daughter in a timely manner. The Sultan's daughter was in the dark as to what the dictated message meant, but she dutifully passed Neil's note to her father at the wedding on Sunday afternoon.

Neil was told later that the Sultan read the note, chuckled and shook his head saying, ***"That Neil Keenan is everywhere!"***

On Monday, the Sultan terminated the Korean and Ukrainian gold loan deal with an added insult. He waved Neil's note right in the faces of Rothschild's con-artists, whose greedy deeds would've been to the detriment of Indonesia and caused harm to its people.

The Sultan stands with the People. He always has... and always will. Now, Neil has proven once again, that the Sultan has an entrusted Amanah standing by his side and committed to protecting the GCA Bunker assets... and he always will... Neil Francis Keenan, the Amanah.

It became evident to Neil that although his initial trip objectives—to covertly meet with the Sultan to arrange an official Amanah public seating and strategically plan the opening and auditing of one or two GCA Bunkers—were superseded by a more critical and urgent matter in circumventing the Korean-Ukrainian operational thievery of Indonesian gold assets by the Rothschild's Cabal syndicate.

Although, Neil's spirits were high on his return trip to Indonesia with purposeful expectations to be officially seated as Amanah and to open the GCA Bunker(s); he unknowingly became a pivotal protagonist with a higher spiritual mission. Not only was Amanah Keenan successful in thwarting another one of Rothschild's gold pilfering addressing, he sent a powerful warning to Indonesian government officials and thieving con-artists that The Amanah is protecting and defending the Dragon Family 'Depositors' GCA Bunker assets and 'owners' accounts from any present or future pirating.

With only a few days left on their visas the trio took time to reflect on Neil's recent hero adventure. It was obvious to all that there were more Cabal obstacles to overcome and some more Indonesian and Group K house-cleaning to be done.

### **'Four Attempts'**

Neesham was the first to return home, leaving Neil and Thomas to contemplate the unusual nature of the trip and reminisce on the four 'attempts' on Neil and the crew:

**First** was the spiritual dark, Jinn attack on his Head of Security as initially described.

**Second** was in the hotel elevator when Neil returned to his room after breakfast.

When Neil entered the elevator, he was joined by four Chinese men in dark suits and a petite Chinese woman. The elevator door closed and the woman looked up at Neil, smiled and said;

*"Neil, we are from the Family and we're here to protect you. There's been a contract taken out on you. We know who are involved in the contract. We're tracking them and will take them out. Please, if anything happens, stay out of it. There's also a Western team here posing as tourists so, keep your eyes open for anyone who is keeping eyes on you."*

After her brief exchange with Neil, the elevator door opened and Neil returned to his room and briefed his crew about his strange elevator encounter. About 3am in the morning, Neil was awakened when hearing his door lock being pried. Neil immediately jumped out of bed, grabbed a flashlight and took a defensive stance at his door, ready to smash the door on prying the perpetrator.

While cautiously positioning himself and intently listening, Neil heard a commotion in the hallway. Neil unlocked his lock and cracked his door open to take peak in the hallway where the noise was coming from. He witnessed the

little Chinese woman straddling on the back of the Chinese hitman. The man was slamming the woman against the wall in his desperate effort to break free.

She spotted Neil and shouted *“Stay out of this!”* Neil did as she demanded. Shortly thereafter, the Chinese perp was flattened, face down on the floor and all tied up. The little Chinese woman’s two henchmen, who had been blocking both escape routes at the end of the hall, came and briskly escorted the perp down the back stairway exit and out of the hotel. The little woman then turned to Neil and said, *“Everything has been taken care of.”* Neil thanked her and asked her to thank the Family for him.

**Third** was when a red laser light was aimed at Neil in his hotel room.

Neil and Thomas were casually sitting in Neil’s hotel room discussing the World Series baseball games. Neil was lounging on his bed and Thomas was sitting in a chair with his back to the large open window. Neil abruptly said, *“Thomas... close the curtains.”*

Thomas immediately looked at Neil and knew something was amiss. He slowly got up and closed the blackout curtains all the way. Out of the corner of his eye, Neil noticed a red laser ‘dot’ coming towards him on the wall next to him.

Although, the red dot was only there for some seconds until Thomas closed the curtain; it was definitely enough time to range a sniper scope from the Hotel gardens. Neil notified the hotel security of the incident and they heightened their security patrol.

**Fourth** was the unusual series of blockades in Neil's efforts to reach the Sultan with his critical message regarding the Korean Ukrainian gold pillaging deal as portrayed.

The 'four attempts' scenarios are only a sampling of the multitude of attempts on Neil's life and those who associate with and/or accompany him. Although, it's a dangerous Amanah mandate and Dragon Family mission, Neil is still standing...

As Amanah, Neil Keenan will demolish the Bretton Woods Monetary Agreement and pursue Justice to the Cabal individuals and fascist financial organizations entangled in the asset currency corruption and pillaging the gold in the secretive Bunkers of the Dragon Family 'Depositors' of Global Collateral Accounts.

**The 1944 Bretton Woods Agreement: Power Bloc Coup:** At the United Nations Monetary and Financial Conference held in Bretton Woods, New Hampshire, from July 1 to July 22, 1944. The agreement included the formation of the International Monetary Fund (IMF) and the International Bank for Reconstruction and Development and, most importantly, the proposed introduction of an adjustable pegged foreign exchange rate system. Currencies were pegged to gold and the IMF was given the authority to intervene when an imbalance of payments arose.

The truth is that in 1944, Britain, France and United States were given a fifty-year term of Global Control over the global financial system. The Agreement was supposed to develop and modernize the planet, when in fact, Roosevelt was assassinated by poisoned and then most of the world's gold was taken off-market, blacklisted or hidden in caves. This allowed the fascist coup to finalize their fiat currency system control over the world. The military-industrial complex, instead of developing the planet, would actually start controlling and stealing from the world. Nothing can stop the juggernaut that Neil Keenan is putting together in a mammoth contribution in an effort in saving our world. **Nothing!**

### **NEIL KEENAN UPDATE: The Last Line Of The Infamous Cabal Rests In The Hands Of Israeli President Reuven Rivlin**

July 23, 2019

**Neil Keenan, the elected Amanah, with the signed the 'Only Amanah' Agreement and seated with the Transfer of Power Stick.**

**Amanah Keenan is in control – stay out of the bunkers all of you!**

While the Cabal may begrudgingly concede their far-reaching losses in the WEST (U.S.), (including no more chemtrails), they continue to surreptitiously battle and red flag things, all the while attempting to cleverly cover up their real nefarious, "Last Hurrah" intent: SOUTH KOREA!

***"If the American people ever find out what we have done, they would chase us down the street and lynch us."*** – George H. W. Bush: 1992 Quote to White House Correspondent Sarah McClendon.

At one time it may not have even been a plausible consideration for these pathological maniacs, but with President Trump raising Cain with adversaries in the US, as well as overseeing other critical crises in the world, they're desperately colluding for a "Plan B."

**While smelling their own fear (defeat) and moving as quickly as possible to alleviate their worldwide financial losses – what better place for their next outlandish thievery than in South Korea with its hundreds of Global Accounts in bunkers with the majority being owned by the Golden Dragon Family!**

Fortunately, this unsavory Cabal infamously garnered total flops at the recent G20 meeting in Osaka, Japan. With our exposing their every step in what was exactly happening and not what they wanted us to believe, they've since further attempted to garner the corrupt influence of Japanese Prime Minister Abe.

**Interesting enough, Abe was already under highly astute surveillance, especially regarding any attempts to steal the Global Accounts from South Korea! And Shinzo – you might like to wonder as to how much more information we have and that we can release at any given moment.**

So, what we have next is all about bringing in the BIG GUN! Remember that although the Cabal-Khazarians once controlled not only the United States, Europe, Israel, and many other nations of the world, they're currently in the process of desperately relocating their holdings.

**The “Good News” is that their control over the West is clearly weakening and may well be gone completely in the very near future!**

The Cabal know this. They smell it, and they are drastically searching for other alternatives before their total collapse as greedy power brokers on the world stage. With their huge holdings they are looking for other remote places to not only store Assets as the Cabal controls most all of the Central Banks, but also to purchase Assets stolen during the World Wars while attempting for years to steal from the Dragon Family 'Depositors' GCA bunkers in Indonesia and elsewhere.

These bunkers are filled with gold and debt payments from the many nations that borrowed from said countries. The recent shift that took place from Indonesia to South Korea is because Indonesia fought them off with the help of Neil and Group K by exposing and blocking them from stealing from the bunkers inside Indonesia.

On the other hand, in the recent past Neil and Group K also prevented stealing from the bunkers in South Korea as well.

### **They want the GOLD!**

They could not care less about the worthless counterfeit fiat monies which they've printed and still attempt to use to pay off their debts. They are no longer liquid, and many of their banks such as Deutsche Bank are about to collapse.

Why do they continue to attempt to do any more outrageous and illegal shenanigans despite their many trillions of derivative losses and fake fiats?

It's All About Survival! Thank God it is taking place in our lifetime so our children and grandchildren will be able to live better lives without the Cabal's fake wars, addictive drugs, big pharma, chemtrails, toxic vaccines and so much more! They are going down, and we will happily send them to where they all belong: HELL!

**THE ONLY WAY FOR THEM TO ATTEMPT TO ENSURE THEIR SURVIVAL IS BY WAY OF STEALING AS MANY OF THE GLOBAL COLLATERAL ACCOUNTS AS POSSIBLE FROM SOUTH KOREA. SO, THEY'RE SENDING IN THEIR "BIG GUN," THE PRESIDENT OF ISRAEL REUVEN RIVLIN, TO HELP THEM FINISH THINGS OFF ON THE CABAL'S BEHALF!**

**After the G20 flopped and Japan's PM Abe flopped, President Rivlin's assignment was to pick up the Cabal's interest in "staying alive".**

On March 15, 2019 Israeli President Reuven Rivlin arrived in Seoul, South Korea to discuss desperately needed business between South Korea and Israel.

On July 15, 2019 Rivlin met with President Moon, and he also attended the largest Protestant church in South Korea. It is of interest to note that this church has unlimited capital. Rivlin advised Moon to protect the people of South Korea with soldiers and missiles, all the while pushing Israeli Missile Defense Systems.

Most recently, South Korea rejected another proposed official visit of President Reuven Rivlin to the country, providing no explanations whatsoever and leaving Jerusalem surprised. It was shocking to previously see how fast the Cabal sent the Israeli President into South Korea in an attempt to save their skins!

**Per the NK Update: South Korean Fire Sale – Come One Come All;** in the past we might have ignored what was taking place right in front of our eyes, but over the past 9 years or more, we have learned to wisely stay focused on what we do best. **We've stopped the Cabal on many occasions, as they attempted to trample mostly on Indonesia and also on S. Korea. Of course, it's all related to GCA Bunkers Gold.**

In their latest desperate attempts to save their vicious, pathological selves, they've exposed others that are new to Group K's intense scrutiny. We're already well aware they do not care about the South Koreans any more than they did about the Indonesians.

One only has to look historically at the Japanese wealth in South Korea resulting from their control over Korea for 36 years, although supposedly liberated from Japan on August 15, 1948.

**Unlike most of the Allied Powers, the Korean President Lee, a US Corporation Cabal puppet, cooperated in maintaining power without removing or retaining the pro-Japanese people.**

Accordingly, the pro-Japanese people initially formed politics, media, and other elite groups while controlling South Korea. However, the most recent underlying structure of South Korea is within a current elite group of pro-Japanese people who have become a cancerous entity in South Korea.

The Korean Elders who have sacrificed so much for their nation live very poorly while the pro-Japanese have maintained their long-standing positions of holding much of the wealth and power. Again, family political traditions in South Korea involved being pro-Japanese in the past so they continue to maintain their misplaced loyalties to Japan. Unfortunately, this has caused South Korea to often be told that their future is bleak.

**In contrast, it is imperative to know and keep aware of the fact that South Korea, Japan, Singapore, Taiwan, etc. are all tied heavily into the West, as it was the Marshall Plan which developed such nations after the War.**

Or was it? In truth the Marshall Plan was broke, so it was a ploy in convincing everyone that the West (US) rebuilt Asia after the war. It did not do so, because it was the bunker monies placed in the aforementioned nations that were to be used.

**Today we know them as the Global Collateral Accounts. The West did not use anything other than the stolen Assets or loot from the war itself.** In South Korea there are false media organizations similar to those in the US which President Trump so deftly handles in his own personal style.

The main ones in South Korea are Chosun Ilbo, Joongang Ilbo, and Donga Ilbo. They are Japanese “presstitutes” who praise only Japan. Amazingly, these journalists are even more powerful than politicians. To increase their control over public opinion they have also established the same umbrella companies in Japan.

In the US, we’ve suffered something similar throughout the years. After all, the US has had one Cabal-controlled President after another with the exception of President Kennedy in the early 1960’s, who was clearly assassinated for attempting to clean things up with M1 President Soekarno of Indonesia.

Hell, it was clearly known that Lyndon Johnson was sworn into the Presidency even before President Kennedy had passed away! Yes, Eisenhower, Roosevelt, Reagan, and all the others, except Kennedy, up to this very moment were Cabal. Now you can see why they fight so hard against President Trump! He is not a Khazar, and it is the Khazarians who have controlled the US and most of this planet we call Home.

The Congress, the Senate and most everything else are/were Cabal. The US became a corporation rather than a Republic in 1861, and we consequently became “financial slaves” when Lincoln signed the Emancipation Proclamation. It appears now that “Honest Abe” Lincoln was not so honest after all.

**In the upcoming weeks things are going to change, and we will see who is who and what is what – It's going to be “a hot time in the old town” for sure!**

Neil will leave shortly to deal with many forthcoming challenges. He, along with Group K, sincerely thanks all of you for your loyalty and good wishes over the years. Your continued support and prayers are very much appreciated.

**We hope to soon be able to open the ‘Depositors’ GCA Bunkers up soon so everyone can live and breathe freely on our beloved Earth. If not, then the world is looking at another 50 years of Cabal control. And then you would see and experience their New World Order... And this is why we continue our Cabal fight.**

We wish everyone a fantastic week. It now really is indeed showtime – for We the People and not just in America.

### **NEIL KEENAN UPDATE | Japanese Puppet Prime Minister**

#### **Shinzo Abe: “If You Want To See Me Do My Thing Pull My String”**

August 15, 2019

Immediately following the recent G20 Meeting, Japanese Prime Minister Muppet Shinzo Abe — ***“If you want to see me do my thing pull my string”***— has apparently found himself having quite a miserable time.

#### **Puppet Man by the 5th Dimension**

He had a job to do, whereby he was exposed as being not only a member of the Cabal, but more specifically as one of their puppets.

On the day that PM Abe returned upon completion of the G20, Abe convened a private Cabinet meeting. Abe blamed South Korea for the leaks which recently took place that nailed his team in South Korea, which was there to try to steal Golden Family-owned assets from South Korean bunkers.

**Now comes “Pay Back”!**

The key reason as to why PM Abe convened the meeting was to revise the Export Trade Control Order and remove South Korea from its list of trusted trading partners. The revised order would be co-signed by Hiroshige Seko, the Minister of Economy, Trade and Industry, and Abe himself.

According to Seko, the revision will take effect August 28, 2019. As of this date, Japanese exporters would require government approval each time they exported a shipment of strategic items to South Korea.

**It is important to note that Japan is historically part of the NWO. It was a Cabal-controlled entity long before Emperor Hirohito flew to England in 1921 as part of a conspiratorial attempt to create WWII during his meetings with French Prime Minister Clemenseau, US President Warren Harding and Britain's Prime Minister Lloyd George.**

Of course, Japan is not alone on the Asian side. All one has to do is look at those for whom the Marshall Plan, or in actuality, for whom the Global Accounts were used to finance at the end of WWII to rebuild their nations. Then it will be clearly revealed who the Cabal really is on the Eastern Side.

Unfortunately for him, Abe felt jilted by one of his partners, although ironically Abe himself has willingly jilted nearly every associate at the request of his puppeteers! In this specific matter, the strategic items category comprised 1,115 parts and materials that could possibly be used to develop weapons.

**Believe it or not, an economic war, and much worse, has begun between South Korea and Japan!**

Horrifically, with PM Abe's leadership Japan is in a very critical planning stage to release another One Million Tons of radioactive, polluted water into the Pacific Ocean! Tragically, Japan already released 900,000 tons of radioactive, polluted water into the Pacific in 2017!

**Remember that one of the main goals of the Cabal was to eliminate up to 90% of the human population of the world. The little man Shinzo has very bloody hands.**

Meanwhile, the radiation spills following the Fukushima disaster have already contaminated Tokyo, and many people there tragically have cancer.

### Japan plans to release 1 million tons of radioactive polluted waters...

*The Abe government is trying to release more than one million tons of high-level radioactive contaminated water from the Fukushima Daiichi Nuclear Power Plant in the Pacific," Sean Bernie said.*

*"If contaminated water circulates through ocean currents, it is difficult for Korea to escape radiological hazards" – One million tons of contaminated water is the amount that can be diluted by pouring 770 million tons of water over 17 years.*

This is what Abe personally hates to see in his homeland—Abe was once loyal prior to his becoming a puppet to the Cabal—where the people are not so loyal now. The Japanese are aware of why nearly 300,000 of their children are now dying of cancers.

The Japanese have remained seriously concerned with their ongoing exposure to radioactivity, and they highly doubt the compromised Japanese media who are promoting the “safety” of the situation. Despite the outright lies being perpetuated by the Japanese media, the Japanese are very aware of what’s really happening to their health and well-being! The Japanese people are very concerned, as are people around the world, about the “radioactive” 2020 Tokyo Olympics.

They will not eat any agricultural products grown around or near Fukushima. They know radiation has already been present and absorbed in the soil near Tokyo. Many South Korean people are joined in the economic war against its pro-Japanese citizens as well as against Japan itself.

Japanese products are no longer being sold in South Korea, and travel to Japan has ceased, as the South Korean people will soon complete conditions for fighting equally with the Cabal.

**The wealthy Japanese living in South Korea and their followers are responsible for the two Koreas not being united as of this date and time. Both Koreas still wish to unite.**

President Trump has done a fantastic job in this respect, but there is more to be done. It is also a tragic shame that Count Albert passed away, as he was a wall of strength regarding this so-called Cabal. He would never have allowed their conniving, sadistic ploys to get this far.

**Count Albert with Neil Keenan: The Khazarian Cabal Mafia's time of infamy is up!**

The cunning Mr. Loh has been saying President Trump is his friend – which, of course, isn't true – but he uses it as a deadly weapon to keep his followers in line. The latest crooked events to be exposed were the recent smuggling activities at a dock in Hong Kong.

Fortunately, the participating crooked police along with all the smugglers were recently arrested for smuggling 40,000 gold bars into Japan. The penalty / fine is more than \$2 billion USD. To be sure, the Japanese Government, along with Abe, are exposed as being nothing more than the tightly controlled puppets of their notorious puppeteers.

Tragically, no longer than three years ago the Japanese finally told the Cabal / West to get lost and, got their independence back. Today it's sinful to see how quickly they returned to their slave masters. Three years ago, it was common to see Kissinger and Baker walking out of the Japanese Central Bank with bags filled with money.

Now, it's not so much the money itself, but rather it's all about fighting critically strategic battles that are being waged by Japan's Prime Minister Abe and other corrupt Asians who willingly assist the NWO-Cabal Agenda 21-30 by radioactively poisoning the waters of our planet.

They do this with impunity, while assisting their puppet masters in their quest for population control. It's just a matter of time before the Japanese people and the people of Asia fight back and do what's necessary to re-take their nations away from those who live and act in darkness, the Cabal!

**Shinzo Abe is nothing more than a political hitman-puppet. It is not yet known how many deaths, human, aquatic and animal, that this little man may be responsible for having caused. Encompassing Asia and all the way across the Pacific Ocean—inclusive of all the Pacific Islands, Australia, New Zealand to North and South America.**

**Abe must be held to account for his actions in a court of law – and he should be sentenced to death in the same horrific manner that he's caused for potentially countless millions of others.**

In spite all of the above, and on a more positive note – currently there are known, effective ways to counteract the radiation poisoning, as Group K plans on being there to assist in protecting our planet's people.

Besides our newly available Bio-Resonance Therapy healing computers to fight the cancers and other ill health symptoms, we also have the technology to clean up toxic oceans, lakes, and rivers. Together with 'We the People', we can – and will fight back, and never allow such monstrous harm to prevail again!

Our best to all,

**Amanah Neil Keenan & Group K**

### NEIL KEENAN UPDATE | The Global Accounts: The Truth, The Thieves, The Liars And The Con Artists

October 5, 2019

### The Global Accounts: The Truth, The Thieves, The Liars And The Con Artists

*I am sitting here thinking of how close we are to finally getting to what we could call the "End Game", but then I keep saying to myself that the Cabal hasn't quit anything yet, but they are near ready to be destroyed.*

**Good News for us. Bad News for them...**

*I see such groups as the **Committee of 300** breaking bread with other kindred spirits in order to strengthen their positions in their quest for controlling the **Global Accounts**. You can clearly see this with their plans to rob South Korea of the Dragon Family 'Depositors' GCA Bunkers Assets giving nothing in return.*

***I also see many other insidious groups coming out of their clandestine closets and making false claims for the Accounts – of which most of them had never heard of before myself and Group K came along and exposed the crooks lurking behind their false fronts of notoriety.***

*I've heard and seen the sanctimonious push for said Accounts by public individuals or organizations that never made one damned effort to protect the Accounts from the Western thievery that has occurred over the past ten years that I have been involved in this colossal effort.*

***And finally, to top it all off – you know it became really silly when David Wilcock recently made the preposterous claim and says the Dragon Family (probably White or Red or Purple) is working with him and planning on making a movie.***

*Hahahhahah! I love a good laugh, given that I was in Singapore with the Family when David's Financial Tyranny release took place. They not only laughed about doing a movie, but wondered "who is David Wilcock?"*

***The Family have never heard of him. And does anyone really believe that this ancient family who operates in privacy above all would ever "go Hollywood"?!***

*In the past I would let this fly, but I believe I did my good share when I provided David with nearly all of the material for 'Financial Tyranny' (with Keith Scott providing some details as well).*

*Remember this book was about my original lawsuit and nothing more. No more freebies, David! Not only this, but I was never credited for the wealth of information that I contributed towards 'Financial Tyranny', just the mention of my name here and there.*

***Returning to the more immediate and indeed urgent "real" matters at hand; it has become clear that a growing number of conniving parties are overwhelmingly interested in only ONE Account... The Global Accounts!***

*As the Amanah I will never give credence nor any of my time to all the innumerable, nefarious thieves of years past, present and future... no matter how many times they deceptively change their names or alliances.*

***Hear me now loud and clear! You are all wasting your time! Soon, I will be allocating funds for Humanitarian Projects beginning in Indonesia and then worldwide – to only those who are proven to be legitimate and honorable.***

***To the entire Cabal: You are out of the game! After many years of stealing, devastating murder and mayhem across this planet, at last, you have struck out.***

***We the People are finally becoming the winners on this earth, and we are stepping up to help one another build a better future for our children and grandchildren! Guess what? You are not going to be involved.***

## AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

*So, take a seat, a back seat at that, and watch how these Accounts are really supposed to work. It is near time, folks, and soon we will be screaming, "The time has come today"! Back door confusion, including your horrific Red Flags, have gone on for the past year in Indonesia.*

***Even after making false claims to nearly all of the Global Accounts in Asia, many of your crooked ("wolves in sheep's clothing") global organizations – all along were waiting for the right opportunity to sneak into Indonesia during the night and steal everything in their bunkers.***

*I want to especially call out the UBS's cunning plans, as I am the last person they wanted to see stand in their path with official documents that tell the truth about financing in Asia with UBS; and how they stole not only personal and / or corporate Assets, but Global Assets as well – which they continue to do to this very day.*

***I am now going to expose a document that shows how UBS has stolen Assets to finance Malaysia, circumventing the actual owner of the Assets not for one year, but for many (to the very day this man passed on).***

*And now they brazenly want to steal the Gold from the real Dragon Family's (Gold) Account. After preventing theft from their Accounts for many years, I will be damned if I will allow UBS to steal anything that belongs to the Family now.*

*Note that the only banking person I will allow to converse with the UBS is Chris Brosnahan. UBS, you know who he is and where the truth will be fully exposed to end your blatant thievery.*

*In the near future, I plan on litigating and exposing what exactly it is they've done and who they really are behind their facade of banking respectability! **Simultaneously, I also plan on taking them out of the race...** Otherwise, let's go to court, boys and girls, and have a real good time!*

*I love it when you squirm in your seats in your three-piece suits, as I sit relaxed with my Tommy Bahama shorts and shirts on as though I just arrived from the beach. It really is a pisser, isn't it?*

*I submit to you a picture of the UBS team involved in such thefts. On the Right alleged leader of this group—once again the infamous Mr. Loh:*

*At the moment, I foresee a quick skirmish between myself and the above groups. Consequently, I plan on litigating and making them become crazy by shining the light of truth on exactly what it is and who they are!*

*I also plan on taking them out of the race. This is almost done, and the battle will be short, seeing that what I hold is exactly what they fear the most. I cannot wait to expose it to the planet leaving said jackasses with nothing but their hands in their empty pockets.*

**Here is the UBS offering of gold that is not theirs:**

**PDF Download:** [Contract Sale And Purchase Agreement UBS 250MT](#)

*Now, remember these are Golden Dragon Family - Indonesian assets held by the UBS. Forthrightly, it is about the West and its man-made technology that created many “timely” volcanic eruptions, deadly earthquakes and tsunamis here in Indonesia. There was no seismic activity whatsoever prior to these tragedies.*

*“Remember that John Kerry threatened Indonesian President Jokowi that the West would sink this island if they did not relinquish the Gold they held.*

*Neil reminds us of the threat made by John Kerry when he visited Indonesia; that he wanted the gold – and when he was told that he could not have any gold – he remarked about the weather and earthquake technologies that the West (the Zionist Nazi faction of the Cabal) have access to.*

*Kerry indirectly threatened to 'sink' Indonesia and this threat is on the record... just so you know. One further note; Indonesia has already felt the wrath of the HAARP machines, as have Turkey and a number of South American nations.*

***The Cabal will not be taking over Indonesia."***

*Shortly thereafter the Japanese militarized their Army for the first time since WWII in their quest to invade Indonesia, to take the Gold that did not belong to them. It is interesting to note that this was at a time and there was no seismic activity detected whatsoever.*

### Kool & The Gang - Celebration

### A Vital Message from a Dutch-Indonesian Insider

*"My heritage is that of an old Dutch family that has lived for generations in Indonesia and, as many of my higher-up Indonesian political and financial friends, we closely follow Neil Keenan's activities and we most certainly do appreciate beyond words, what this one man has done to protect our country.*

*He has exerted too much to save the sovereignty and wealth of our nation. He has done so selflessly and at his own expense. We truly respect him as our Amanah. Those of us at the top echelons of our society are amazed and grateful for how Neil relays pertinent and timely information about the plans and actions of the Globalist Cabal in their attempts to steal our assets and ruin our country, because of not only greed, but indeed other far more insidious intentions.*

*We deeply appreciate his protection and defense of our heritage and the wealth of Indonesia; the Dutch and the nations of Asia that have entrusted their wealth for safekeeping here. We know that we are under attack and that Neil has intervened on our behalf. On nearly a dozen occasions no other one person nor collective has stepped in front of these evil entities to slam the door in front of them. We thank you Mr. Keenan. We also know that the war against the cabal remains ongoing and that we must maintain diligence. It goes without saying that there will be more attacks, however Mr. Keenan makes "gado-gado" (fight-fight) and "mixes the game up".*

***And this brings me to mt key point: I know you are out there and you know who you are. And I know you are reading this:*** *Our Dutch and Indonesian patriots need to step up and protect our Amanah and visit justice upon the Nelu's and Younus's (etcetera); all of those who became treasonous traitors to not only our country but the world at large. It is time that all of us with the wherewithal to do so, must undertake further investigation to expose any and all that try to pull strings to steal our power and wealth.*

*Mr. Keenan will help to make our country a truly great nation and we need to match his efforts in any practicable manner. I have been informed that Neil has been in country for almost six weeks in working to complete his duties as Amanah duties. There are remnants with intentions of blocking and delaying. For our part, we will do as much as we possibly can to assist.*

*This is the opportunity of a lifetime to win against the (now increasingly referred to) global adversary. So, what are we, those of us with still some tools at our hands waiting for? The balance of power has tipped and the time is upon us for those with means to seize the opportunity and come forward in this final push.*

*Awareness of this pivotal point in history is fundamental. May many become brave when the fiend is being leveraged to flee. – Dutch Indonesian Insider*

### **NEIL KEENAN UPDATE | UBS On The Prowl: Steals Thousands Of Metric Tons Of Gold From Prominent Trillionaire In Their Quest To Defraud Him**

October 7, 2019

#### ***UBS On the Prowl: Steals Thousands of Metric Tons of Gold From Prominent Trillionaire In Their Quest To Defraud Him – And Further: In An Assassination Attempt He Remains Hospitalized***

*One of the world's richest men, Peter Chhang, walked into a UBS building in France and politely requested the 9,000 Metric tons of gold they were holding for him and have been doing so for a very long time.*

***It was time to cash in. Instead of receiving his Gold he was told to leave and not return and if so then he would be removed (remove means killed in this context). Peter Chhang is next in line for access to the Emperor of China's assets.***

*Knowing how much his assets were worth in this bank and carrying the proper papers to have them removed upon request he re-entered the bank.*

*He met with the UBS Bank President and the next time anyone saw him he was being saved him from an untimely death by local authorities.*

*You see, Peter Chhang was poisoned and was never meant to leave the bank alive. He lives now barely because of the attention of the French Government, but he still has poison in his system and must stay in the hospital. He will need the doctor's approval to leave the hospital in Lyon, France.*

***Peter Chhang is a strong person and he will survive.***

*Just the other day we mentioned that the UBS was making offers of Gold using others' gold and not their own. They planned on using Dragon Family Gold and as well as that of Indonesia.*

***"They" planned on selling all they held and do not give a damn about the actual depositors. In the first version of article as posted, we actually showed the gold contracts being offered. UBS is up and at its people. They are coming after us and praying their thefts can keep them alive.***

*I personally am never going to place anything in UBS and would recommend anyone and everyone to get their Gold and assets out of there before they close the doors on them as well.*

***Otherwise they will survive and you just might not. They never cared about you. I have my hands full protecting Indonesia and believe me; Indonesia will be safe. It is UBS that will be in danger. One step at a time and it will be done for sure.***

*All the best,*

*“This was a standard loan agreement package having initial commissions, interest rates, repayment terms, loan duration and other terms and conditions. However, Dr. Seno never received back to his UBS Soekarno Trust Account his agreed upon commissions, interest payments or the repayment of the term loans.*

*Instead UBS to date has refused to honor these contracts and rolled over the loans without Dr. Seno's approval or authority written or otherwise. In fact, Dr. Seno was never properly notified of the loan extension nor were any interest payments made to his accounts for the continued use of his funds. That is clear fraudulent cheating by UBS and those involved who profited from the use of those funds at the expense of Dr. Seno, the Soekarno Trust and the Indonesian people...”*

*“In 2015 Dr. Seno contacted his friend Mr. Neil Keenan to help him in resolving this financial problem. Dr. Seno gave Mr. Keenan the full Power of Attorney to settle this matter with UBS. Mr. Keenan immediately filed Letters of Demand and other legal actions against UBS. The fact that UBS illegally and knowingly rolled-over the loans to these banks WITHOUT proper authority to do so from Dr. Seno or Mr. Keenan.*

*That authority belonged exclusively to Mr. Keenan at that time. In common simplicity, UBS intentionally defrauded Dr. Seno and Mr. Keenan and the Soekarno Trust with knowledge and aforethought. UBS has essentially STOLEN US\$ 652 Billion plus interest, commissions and damages. Dr. Seno has now passed away, but Mr. Keenan is now the Amanah, the elected absolute TRUSTEE of the Soekarno Trust and other assets and who has the absolute authority of that global office, as well as, his previous Power of Attorney. **You should know what Mr. Keenan is about to do to UBS and all their corrupt Banksters.***

*UBS executives related to this matter had better invest in old barrels as that may be their next apparel. This is a no-brainer legal case of fraud and deception on the part of UBS who are legally liable based on established contracts and illegal rolling-over of these contracts without proper authority and without any interest or other payments.*

*It will be interesting if Mr. Keenan's legal team also go after the questionable use or abuse of these funds by Malaysian banks and government officials. Dig, dig, dig boys and you will probably find creepy crawly things squirming out in this case. There are too many sticky fingers involved all around.*

*I will leave it up to lawyers and financial investigators to follow-up on the exposure of who, what and where the money trail leads, but I can assure you that there were and are many full pockets where there should have been none. **UBS you are caught in your own corruptions again. Settle soon as it will cost you much, much more later, that is for sure. Law will prevail.***

### **NEIL KEENAN UPDATE | UBS Modus Operandi: “Stupid Is As Stupid Does”**

October 19, 2019

**Whoops! Did UBS Do It Again? The UBS Pirating Marcos' 3,500MT of Gold and Printing of USD \$3 Trillion Scandal.**

**Group K is throwing out the Dragnet and digging deeper-wider. What is UBS?**

**UBS** is a global bank that has wealth management, asset management, and investment banking arms. UBS came into existence in 1998 after the merger between Union Bank of Switzerland, founded in 1862, and Swiss Bank Corporation, established in 1872.

**As a result of Swiss Bank Corporation's serious illiquidity due to a Gold Certificate issuing scam—the issuance of a series of Gold Certificates with the same serial number—this merger that created “UBS” was essentially a bail-out maneuver to prevent the collapse of the Swiss Bank.**

It's the largest of the banks in Switzerland, with seven main offices around the world. It seems that UBS is an ongoing joke for being known as “the worst” of the bulge bracket investment banks.

**Among Financial and Legal Circles, “U Be Stupid” has become the unofficial nickname for UBS. UBS is “Stupid is as Stupid Does.”**

During the Amanah Keenan's informative and productive Indonesian stay, Group K has expanded its sphere of influence to encompass the Ancient Srivijayan – Majapahit Empires (Indonesia-Malaysian) with its Kingdom of Maharlika (Indonesia-Philippines).

**Srivijayan Empire Map & Flag**

In honor of the Sanskrit Srivijayan Empire meaning, Group K's 'Prosperous Victors' initiative will provide historical, biblical, cultural and financial evidence to rightfully reclaim, restore and empower the Ancient Indonesian Empires and Kingdoms with the Amanah's Global Collateral Accounts and Dragon Family 'Depositors' Bunkers to once again become the **'Jewel of Southeast Asia.'**

Group K is re-addressing the UBS pirating of Marcos' Gold and the printing of USD \$3 Trillion Scandal claim in conjunction with the Kingdom of Maharlika's (Philippine) documentary evidence.

**The 'Prosperous Victors' initiative will provide background evidence based on ongoing due diligence findings with its upcoming update series in following the gold.**

For the former President Ferdinand Marcos' Gold backstory, [The Untold Story of the Royal Kingdom of Maharlika: Compilations and Research, Harnessed by Different Conduits of THE ROYAL MAHARLIKHANS PRIESTHOOD HISTORY PHILIPPINE COLONIZATION BY SPAIN](#); Group K recommends reading the entire document, although pages 28-42 sets the stage for the alleged UBS "Stupid is As Stupid Does" pirating and printing scandal, as well as providing a historical Philippine perspective as an informative insight into Danielle Dal Bosco and the Vatican's role of Amanah Keenan's Trillion Dollar Lawsuit:

### THE GOLD AND THE GREEDY

To this day, the 400,000 metric tons of the Maharlika (Tallano) gold are still in the Central Bank in East Avenue, Quezon City. Nobody can it because Marcos insured it with the Lloyds of London and its agents are guarding it. But the present government does not acknowledge its existence. An American magazine, WEEKLY WORLD NEWS, issued on June 12, 2001, printed this "FORT KNOX, KY America's current financial crisis is far more in dire that President's Bush has been telling us, says a leading economist - who charges that Fort Knox is empty and the country has gone bankrupt! Insiders in the US Treasury warn that a complete collapse of the US economy, which is already sinking into recession, could be just weeks or even days away.

*"There isn't a nickel's worth of gold in Fort Knox anymore – what you see now are lead bricks painted gold to fool visitors, 'claims Harold Coldbloom, a highly respected professor of economics. "That's because our treasury is utterly depleted and the situation is so desperate, we've had to tap into our gold reserve – the Nation's emergency 'nest egg'—as a last resort."*

*President Nixon took America off the gold standard in 1971, but even so, US Citizens have rested secure in the knowledge that we had about 147 million ounces of gold in the heavily guarded depository to fall back to in the event of a national emergency. But that sense of security is false', the D.C. – based economist warns. 'The reality is that over the decades our leaders have dipped into this 'piggy bank' from time to time, whenever they needed fast cash for pet projects,' says Coldbloom. 'In their minds, all gold was just sitting there and the temptations was impossible to resist.'*

*The missing gold has been quietly sold off over the years to oil-rich nations such as Saudi Arabia. "During the Clinton years, the gold sell-off accelerated, the expert reveals. Didn't you ever wonder how we 'miraculously' went from a budget deficit to a budget*

*surplus overnight?’ Coldbloom asks. ‘But that surplus is only an illusion. The truth is, our economy has been in a downward spiral for many months now.’ President George W. Bush, in a desperate, last – ditch bid to save the economy, has sold off the rest of the nation’s gold supply ‘at fire-sale prices’ to fund his \$ 1 trillion-plus tax cut’, Coldbloom says.*

*This has left us with no way to pay the monstrous national debt. “Now our nation is buried under a mountain of US\$ 5.7 trillion in debt. It’s like when you’ve maxed out all your credit cards and pawned off all your jewelry,” says the expert. ‘You can only keep faking it for so long – the wolves are at our door now. Our foreign creditors are concerned that we won’t be able to pay them back and they’re lining up to call in their loans so they don’t get stuck holding the tab. ‘When that happens, he says, the major US banks will collapse, then the smaller ones. According to insiders, Federal Reserve Board Chairman Alan Greenspan is urging President Bush to ‘declare a national emergency now.’” – By Mike Foster The Sacrificial Lamb –*

*The Fall Guy Filipinos were barking at the shorter and lesser tree. It was (sic) confirmed and established’ by Ex-President Cory Aquino that Marcos was corrupt and emptied the coffers of the government. Then, she and the Presidential Commission on Good Government (PCGG) kept on mouthing that this government must get back the hundreds of billions of dollars that Marcos stole and stashed abroad. A decision of the Federal Supreme Court of Switzerland dated December 21, 1990 said: “B. – By decision of May 29, 1986, the attorney general of the district of Zurich accepted in principle the legal assistance requested by the Philippines and invited all the banks of the City of Zurich to FREEZE IMMEDIATELY all the accounts, deposits or safes of the persons, companies or foundations (of Marcos) mentioned in the order...”*

*To this day, no court local or foreign, has convicted Marcos of having stolen money from this government. But agents, local and foreign, keep on saying that Marcos was a thief. Even the Guinness Book of Records said that Marcos was the greatest of all thieves. Somebody should one day file a lawsuit and make Mr. Guinness cough out billions of dollars in damages for this character assassination and defamation of Marcos and the Filipino people. It was legal and appropriate that those foreign banks and governments must freeze all the ‘Marcos money’ because certain representatives of the Maharlika government, to this very day, keep on mouthing that it was ‘stolen money’.*

*If only this government would acknowledge that it made a mistake and that the ‘Marcos money’ was, after all, not stolen, then all those frozen dollars of Marcos would be released and this country should find itself richer by some trillion dollars. But it was all a devilish scheme of some foreign powers with the cooperation of some money and power-starved Filipinos. Marcos money that will be brought in will either be sequestered by an over-zealous PCGG or pocketed by corrupt individuals in this corrupt government. A certain Anti-Money Laundering Act (AMLA) will take care of that.*

*In the meantime, these real corrupt and powerful government officials to whom the rest of the unwitting Filipinos kowtow because they belong to the rich (who count their*

enormous financial blessings in front of the majority of the poor Filipinos) are gorging on the BSP dollars as bribe money so that this country will remain a Third World country that has **THE GOLD**. This ought to be entered in the Guinness Book of Records. This is as a grand scheme (or scam). Blinded Filipinos must keep repeating that Marcos was a thief so that those hundreds of billions of dollars of Marcos money will remain frozen and not be given to them for their use.

Consequently, they must constantly borrow money from the International Monetary Fund (IMF) and World Bank (WB) with so much interest so that this country will remain a slave and shackled to the foreign powers. The Maharlika – The Richest Country in the World Today The original 720,000 metric tons of gold left by the Filipinos' Benevolent Forefather, Luisong Tagean, MAHARAJAH OF THE MAHARLIKA, is mind-boggling.

**From this, the 640,000 metric tons that was brought to Vatican in 1939 and back to the vault of the Central Bank of the Maharlika (617,500 metric tons) on January 7, 1949 could have made the Maharlika a First World country. The Marcos-Diaz alliance deposited their earned 192,000 metric tons of gold in one Swiss Bank and not stashed away in 54 countries, as some individuals in government want the Filipino people to believe.**

From that, the daily interest earned for this country should be more than enough so that Filipino need not borrow from the Oppressive IMF and WB or leave their families and go abroad to earn dollars. History will show that the money was not stashed away and inaccessible but available to truly deserving Filipinos. There was nothing secret about the Marcos accounts. These accounts were only made secret by some people in the government so that the public would not know it's real story. But, nowadays, some of them are secretly trying to withdraw from the Marcos accounts for themselves. However, each time they attempt to do this abroad they end up in jail.

Here is another mind-boggling food for thought. In Japanese banks alone, the Marcos-Diaz consortium deposited 44,000 (part of the remaining 720,000) metric tons of gold (also minted RP-CB) and made liquid to a total of US \$ 518,559,000,000.00 (518,6 billion dollars) between 1962 to 1974 earning an average of 1,5% non-compounded interest per year. There are more tons of gold in other banks around the world. 41 Gold for gold, dollar for dollar, this country, the Maharlika is the RICHEST COUNTRY IN THE WORLD.

During a talk show in a US TV the week following the bombing of the New York Twin Towers, Pres. Bush asked this question: Which is the richest country in the world today? With a smile he said: *"The Philippines."* Marcos knew it, but he could not talk. The thirty-year period (starting 1946) for the gold claims of the "Claimants of World War II Loot" (as determined by the International Court of Justice in Hague) was extended by ten years more.

That was to be the year 1986. At that time, they made sure that Marcos would no longer talk. After kidnapping him from Malacañang, they put him in a golden prison in Hawaii.

### ► What the Hell is America up to Now? Other than Another Elaborate Operation in Fraud Against the Collateral Accounts

*Posted By: igots2no – Date: Friday, 1-Jul-2016 00:09:03*

As if Americans need another reason to wonder why we have “blacklisted” their Corporate Government, and now classified the American Corporate Government as financial terrorists; preventing them from legally receiving anything from the Collateral Accounts until they have paid back every cent that they have stolen there from over the decades.

When will the American people wake up, or better still, do something about those they have elected and about those of the former elected officials who are undertaking these illegal activities?

A few weeks ago, I received from our Intel people a set of documents, five of which are exhibited below. Although these are self-explanatory, I will simplify matters for the readers so that they fully understand the consequences, both National and International, of what these documents involve.

Below is a brief five-point appraisal of the content of the 5 displayed [linked] documents:

1. **AMERICA, via the FEDERAL RESERVE SYSTEM, gave approval, back in the latter part of 2014, to the PHILIPPINE DEPARTMENT OF FINANCE, TREASURY DEPARTMENT ROXAS BOULEVARD, CORNER OF PABLO OCAMPO ST., MANILA, PHILIPPINES, to print THREE TRILLION US DOLLARS (\$3,000,000,000,000.00 USD) in \$100 USD denominations.**

The serial numbers of these notes are shown on page 1 of the below documents.  
**Geopolitics: [3,500 Tons of Philippine Gold Bars Unlawfully Shipped Out, But for Whose Benefit?](#) Documented: [UBS Treasury Department Document](#)**

2. **The Department of Finance of the Philippines sub-contracted the printing of the aforesaid USD notes to a company in Thailand called CENTENNIAL ENERGY (THAILAND) COMPANY LIMITED. NOTE: This is a Thai company that focuses on Energy production NOT a company that specializes in the printing of Bank Notes. Documented: [Bangko Sentral NG Pilipinas Centennial Energy Company Limited Document](#).**

3. **It will be seen from Page 2 of the aforesaid documents that there are official regulations in place within the Philippines that allows them to print US Dollars on behalf of the American Government based upon Section 51 of R.A. 7736 of an Agreement between The United States of America and the Republic of the Philippines. Documented: [Bangko Sentral NG Pilipinas Document](#).**

4. On page 4, under number 3, Section 4, there is clear and indisputable proof that the aforesaid USD Notes are being printed against a Certified True copy of a Gold Bullion Certificate, claimed to be issued by Union Bank of Switzerland (UBS), covering 3,500MT of 99.999 Gold in 12.5 Kg Bars taken out of the country and deposited in UBS and registered under the name of Ferdinand E. Marcos as owner. Documented: [Bangko Sentral NG Pilipinas Document](#).

5. An official communication issued by UBS Switzerland dated January 26th 2015. This document confirms all the other documents. *Strange that it is recognized and approved by UBS when they have no power or authority over any part of the Collateral Accounts.* They are just Custodians – with no power or authority. Documented: [Republic of the Philippines Department of Finance Certification](#).

As part of its “Prosperous Victors” justice initiative for the Ancient Srivijayan-Madjapahit Empire (Indonesia-Malaysia) with the Kingdom of Maharlika (Indonesia-Philippines), Group K will continue its investigation-due diligence confirmation by the IAOC-IG, UBS, Indonesia, Philippines, Thailand, Switzerland and United Kingdom, as well as report its discoveries.

The Group K ‘Prosperous Victors’ initiative, has just begun with its justice discoveries and reporting its findings. Stay tuned for the upcoming AMANAH OF OZ, AMANAH'S ODYSSEY and AMANAH'S OPUS e-book series...

### **NEIL KEENAN UPDATE | A Reminder: Neil Exposes Bad Players**

November 3, 2019

Money and Greed + Being Stupid

For all that are unaware of the history between Benjamin Fulford and Neil Keenan you will find a Post from 2013 which catches both Fulford and Karen Hudes in an attempt to scandalize, slander and destroy Neil Keenan if possible.

I said if possible and of course the year is now 2019 – nearing 2020 and you still have Benjamin Fulford making inaccurate and false statements that Neil Keenan no longer pays attention to.

Enjoy your reading and for those of you who have never seen this you will fall off your seats and get a good understanding of what that group is all about.

Red Dragon, OITC, OPPT and SWISSINDO—Group K ended their fraudulent reign and the hits just kept on coming. As for Fulford, he has been wasting our time for many years and should have been a novelist and not a Cabalist.

#### **Fulford Mis-Steps, Karen Hudes Mis-Speaks**

**From: [Geopolitics](#) | September 20, 2013**

This is a very disturbing article to which, we are reconsidering our subscription to Fulford's weekly reports on Geo-Politics in these most crucial times.

Perhaps, this would explain the inconsistencies of Ben Fulford's stand regarding the Vatican's role post mortem. Remember, the White Dragon Society, to which he is acting as the spokesman, made a deal with the P2 Freemasons through Leo Zagami, for a peaceful resolution. Keenan, in past videos, was not happy with the BRICS alternative bank, as just another World Bank.

Also, the One People Public's Trust [OPPT] was also dismissed by the Keenan Group as [another cabalistic attempt to usurp control of the Collateral Accounts](#). We have raised the alarm so many times in the past of [a possible infiltration by the Jesuits within the ranks of the revolutionaries and reformists](#).

Once freed from Cabalists' control, the Collateral Accounts will be channeled by the Keenan Group through non-government organizations and not through the governments, i.e. corporations, for redevelopment purposes and elimination of global poverty.

As far as we, in the Philippines are concern, we want to finally recover the 600,000 kgs. of pure gold, [mined from our own land and looted from our Bangko Sentral, during the time of Ferdinand Marcos and earlier, by the Jesuits](#).

### **NEIL KEENAN UPDATE: NFK Sets the Record Straight as Karen Hudes “Mis-Speaks” And Ben Fulford Mis-Steps**

September 19, 2013

- **Neil Keenan aggressively moves to confront Benjamin Fulford's misrepresentation of the Monaco Accords in an online dialogue with World Bank whistleblower Karen Hudes**
- **Fulford goes fishing – who will cash his notes? Not Neil Keenan, who knows an illegal move when he sees it**
- **Karen Hudes steps outside her area of expertise – makes major gaffe on Monaco**
- **Who is M1? Not the cabal-appointed and long-dead Ferdinand Marcos...**
- **Sukarno was chosen by the nations – Marcos was appointed by the cabal**
- **Cracks in the freedom movement? No. Just the guy in the driver's seat setting the record straight**

Yesterday's post on this site, which Neil Keenan personally exposed the cabal's vulnerability by displaying explosive incriminating documents, shook the Banksters' cage in a way they have probably not experienced since the fall of Atlantis. Today Keenan's sources report furious in-fighting among the corrupt oligarchs as the free world closes in on our soon-to-be-former oppressors.

But this bold move has also provoked “friendly fire” from within the ranks of the freedom movement as competing scenarios jockey for position over control of the vast assets in the Global Collateral Accounts. This is expected. What is not expected is that an important figure like Benjamin Fulford would deliberately misrepresent the nature and documented history of the Monaco Accords of 2011.

In his apparent attempt to persuade World Bank whistle-blower Karen Hudes to support what can only be called a hare-brained (and likely illegal) move to cash in a trillion dollars in Federal Reserve notes (to which he has no legal claim), in order to set up an environmental restoration fund to be controlled by – yes, he really said it – the Vatican, and prominent Agenda 21 proponent Jeffrey Sachs.

Karen Hudes, a twenty-year veteran legal counsel in the cabal-controlled World Bank (who has courageously come forward to expose the World Bank's corruption), is having nothing to do with Fulford's highly suspect plan, dismissing the proposal as "not in the cards."

But, Hudes then commits a serious misstep herself – one of several in regard to Neil Keenan and his allies – and displays disturbing ignorance regarding the nature and purpose of the Monaco meeting in the fall of 2011 (and Mr. Keenan's crucial role in it), which resulted in an accord among the non-aligned nations – now 178 countries – to regain control of the Global Accounts.

Competing scenarios are one thing. Moves to hand the Global Accounts back to the cabal in the guise of the Vatican — and to put a key globalist in charge of environmental restoration — are another. And the misstatements by Ms. Hudes cannot be allowed to go uncorrected either. In a blog exchange on the Ascension with Earth site, Fulford addressed the following request to Karen Hudes:

*"I would really like to hear her take on Neil Keenan and his activities. He claims to have been at a Monaco meeting a few years ago with many finance ministers and that he runs some kind of BRICS alliance. Somebody linked to the Rockefeller family also told me that such a meeting took place. Can she confirm this or was this some elaborate fiction designed to muddy the waters?"*

This was a foolish move by Benjamin. He knows full well the truth of the Monaco Accords. He knows full well that Neil was there. Keenan's lawyer can testify to Keenan's presence. And Benjamin Fulford ought to know that Keenan's trillion-dollar lawsuit against the cabal was the triggering event that led to the global gathering.

The Rockefellers certainly know the meeting took place, as their attempt to crash the gathering was firmly rebuffed. Cabal black helicopters buzzed the yacht as it moved out into the Mediterranean, but the oligarchs were not allowed at the table.

After pretending to question things, he knows to be true, Fulford then goes on to make his stunning proposal:

*“Also ask her if she is willing to support my group’s plan to cash about \$1 trillion worth of historical bonds in order to finance a massive development and environmental protection campaign. My personal candidate for running this campaign would be Jeffrey Sachs.”*

Jeffrey Sachs is a distinguished economist who is closely identified with the globalist agenda – special adviser to UN Secretary General Ban Ki-moon on the “Millennium Development Goals.” Is Benjamin serious? [Fulford also advocates bringing the Vatican into the picture to manage the Global Accounts](#) (pause here to retrieve jaw from floor).

And we can be forgiven for wondering why Fulford would want to direct funding and attention to environmental restoration (shepherded by an obvious cabal wolf), which, while crucial, can only come after we free ourselves of cabal domination, free the Accounts, and restore the U.S. to its founding documents. I’m not saying that Mr. Fulford is consciously working for the cabal, but they will clearly be pleased with these latest moves on his part.

This begs the question of why Fulford would misstep so badly. It is clear enough to Neil Keenan. Fulford went fishing for support from Hudes for his illegal and strange scheme to cash notes to which he has no claim, and was willing to throw doubt on Keenan if it could gain him the ear of Ms. Hudes. Ms. Hudes was apparently Fulford’s last resort, as he had failed in his approaches to various others parties.

Mr. Keenan informed this writer that Fulford approached him first, attempting to persuade Neil to sign off on cashing this rumored \$1 trillion in Federal Reserve Notes.

**With characteristic bluntness, Keenan replied, “Yeah, I’ll send you money, Benjamin. Commissary money to buy cigarettes in prison if you try to pull off that scheme.”**

As to Fulford’s pretended ignorance regarding Neil Keenan and the Monaco meeting, all one has to do is look at Ben Fulford’s statement (above) and realize that Benjamin himself states that he had made contact with a Rockefeller member who confirmed such a meeting took place. Therefore, why would he call Karen after having received confirmation from a Rockefeller family member? Could it be that he was really looking to get that box cashed?

Fulford claimed to have the support of the U.S., Russia, China, the Vatican, and Queen Elizabeth II... but he needed Keenan’s signature to complete the deal. Flattery will get you nowhere, Ben. Neil knows full well that only the depositors – the actual historic owners of the assets – can legally sign off on moving any notes or assets, and only in the person of a legally elected (*elected* by the nations, not *appointed* by the cabal) Monetary Controller, or *M1*.

Keenan turned Fulford down flat, whereupon Benjamin went to various Global Account wannabes, such as the fraudulent OITC, the now-disbanded sham of the OPPT, and finally Ms. Hudes. And if he needed to publicly cast aspersions on Keenan – feigning doubt about the Monaco meeting, and floating the idea that it all might be “an elaborate fiction designed to muddy the waters” – then that’s what he’d attempt to do.

It is perhaps time to reveal some important facts regarding Fulford’s sources. This writer has sat at Neil Keenan’s side in his hotel suite in Jakarta for several of Mr. Fulford’s Sunday evening Skype calls. I was introduced to Ben, and have always thought highly of him – even when a good half of his “intel” appeared to be wildly erratic – because he has displayed a gutsy determination to expose the cabal and help free the planet, even at grave personal risk.

**Mr. Fulford makes his living from his newsletter subscriptions – and there’s nothing wrong with that. And his newsletter comes out on Monday. So come Sunday evening, he would often find himself in need of an eye-catching story to keep his subscribers and hopefully procure an increase.**

**And so, he would call Neil Keenan. And Mr. Keenan would give him news on inside developments. Sometimes. And sometimes not. Mr. Fulford displayed a troubling tendency to turn on his own sources, as when he outed the identity of a key intelligence contact from Keenan who had been instrumental in saving Fulford’s life after a death threat.**

**Playing off one source against another for personal advantage is a risky move in this perilous game.**

**I do not doubt that Benjamin Fulford has hundreds of other sources. He is a longtime professional journalist with deep contacts throughout Asia, and he has made important contributions to the exposure of the cabal. How much solid intelligence those sources are able to give him about the unfolding story of the Global Accounts is an open question.**

**I can tell you I observed a direct relationship between the intel Neil Keenan would occasionally share with Benjamin, and the stories that would appear on his blog the next day. It’s a really bad idea to bite the hand that feeds you, Ben. Unless you’ve decided the loss, is worth the prize?**

**And just exactly what is that prize? What’s in this for Ben? Cashing in Federal Reserve notes to which he has no claim?**

**As for this outrageous notion of bringing in the Vatican, it is worth noting, perhaps, that it was Mr. Fulford who first suggested to Neil Keenan the idea of making Vatican financial insider Daniele del Bosco the designated custodian of \$134.5 billion in FRNs entrusted to Keenan by the Dragon Family.**

We all know what happened to those notes. Del Bosco absconded with them. I expect Mr. Keenan will remember this fact when taking in the news of Fulford's advocacy of making the corruption-riddled Vatican the guardian of humanity's stolen heritage. "Fool me once..." I believe the saying goes.

As for Ms. Hudes, there is an urgent need to clarify her misstatements in regard to the Monaco meeting and the subsequent Accords.

Ms. Hudes was not there, as Western G7 powers were deliberately kept out – the World Bank as a notorious cabal institution was definitely not on the invitation list. China is the primary depositor of the assets in the Accounts, and the entire non-aligned world has seen the European-American-controlled cabal hijack the assets twice in the last sixty years. The Monaco meeting triggered the momentum towards the current showdown with the cabal.

In response to Fulford's proposal, Karen Hudes gave the following reply:

***"The Vatican/Chinese Bankster coalition you are pushing is not in the cards. Instead, what is happening is that the US through a grassroots movement assisted by local sheriffs, US marshals, in collaboration with the white hats in the Pentagon and the rest of the US' allies are calling for the rule of law. It is this framework that will be calling the shots. There was a 95% likelihood that this would happen ever since the World Bank whistleblowers got through to the UK Parliament.***

[This article explains:](#) *This statement refers to a well-known scenario unfolding within the American militia movement (as chronicled online by prominent spokesman Drake Bailey) in collaboration with patriotic elements in the Pentagon for restoring the U.S. Constitution – once the proper legal framework is in place.*

*The role Hudes credits to the "World Bank whistle-blowers" as the key movers in making this happen is questionable – Neil Keenan certainly had something to do with it – but we'll let that go, other than to observe that Ms. Hudes is a Joanie-come-lately to the freedom movement, and has apparently decided to attempt to co-opt it and shepherd it back to the cabal's corrupt and discredited global domination structures, such as the World Bank and the IMF.*

Hudes goes on to say: *"The Monaco meeting was a bogus attempt to ignore the succession laws governing Marcos' signature authority and rests upon a legal opinion from the US Treasury that is not worth the paper it's written on. This opinion, together with Treasury's audit of Germany's gold, will go the way of the fiat currencies: [See this article.](#) Mr. Fulford's attempt to move from the OITC to the Vatican is a leap from the frying pan to the fire."* [ [More Here](#) ]

The long-dead Ferdinand Marcos had nothing to do with the Monaco meeting, and the Monaco meeting had nothing to do with "an opinion from the U.S. Treasury" – especially

considering that the UST assisted in defrauding the nations present at the meeting for nearly a hundred years. If Ms. Hudes is willing to present this “legal opinion” from UST and explain what it had to do with the Monaco gathering’s determination to throw off Fed and UST control, that would be helpful. As to what the Treasury’s audit of Germany’s gold has to do with any of this, we are left in the dark.

Ferdinand Marcos was never “M1” or “monetary controller” – he was appointed, but never elected. It was the fraudulent appointment of Marcos by the cabal that violated the succession laws. Only President Sukarno of Indonesia held that role, as he was chosen by the nations of the world after World War II. The succession laws were not ignored at Monaco. No successor was chosen – the gathering did not pretend to have the power to do that.

The nations of the world chose Sukarno – and since his passing the principal Asian depositors have assigned the role of M1 to a likely successor, whose identity remains undisclosed. The official and legal election of a future “M1” – and even perhaps the nature of that role – is yet to be determined. The first priority is to unite behind the move to free the Accounts and defeat the cabal. The nations can then peacefully sort out how to move the Accounts into action to heal the world.

Ms. Hudes goes on to say: “I am bringing the rule of law to bear so that the members of the Bretton Woods institutions can get down to brass tacks and consider all proposals transparently, including the \$1 trillion in historical bonds that Mr. Fulford is referring to. Jeffrey Sachs, or any other individual, or committee, or smoke screen, only diverts, delays, and brings the world closer to permanent backwardation in gold. If Mr. Fulford wants to continue this dialogue, I invite him to email me directly.”

Well, it might be more accurate to say that *the nations of the world* are bringing the rule of law to bear. Ms. Hudes’ contributions have been courageous and crucial, but we have not exactly placed our fate in her hands. As a lawyer, Ms. Hudes should know that the statement “I am bringing the rule of law” is a contradiction of the nature of law itself, which is by definition a communal, not a dictatorial reality.

And placing the Accounts into the hands of “the Bretton Woods institutions” – i.e., the cabal-created and cabal-controlled World Bank, the BIS, the IMF, and the UN – is not a plan the world will be eager to embrace. An independent world court endorsed, recognized, and given jurisdiction by the 178 nations behind the Monaco Accords is more likely to serve the cause of freedom and peaceful resolution.

It would also be wise for Ms. Hudes to reconsider how to handle communication with highly-placed contacts provided by Mr. Keenan. An attempt to go around Keenan to a highly influential spokesman for the allied Asian families with historical claims to the majority of assets in the Global Accounts backfired badly for Ms. Hudes. The gentleman in question immediately informed Mr. Keenan and Ms. Hudes has now burned that bridge.

These clumsy end-around moves generate distrust, as do the bullying tactics she employed in a conversation with Keenan's trusted associate, Jean Haines, who had to endure a one-sided scream-down from Ms. Hudes, until Mr. Keenan intervened. It is difficult to credit Ms. Hudes' recent claims to represent the 178-nation consortium, as global support of that kind cannot be won by such clumsy means.

Ms. Hudes represents only Ms. Hudes, and as she no longer works at the World Bank, she has a constituency of one. She now claims in a recent interview with Fulford that she no longer works with Keenan. The truth is that Neil Keenan cut off all contact with Ms. Hudes – as did the influential S.C. Chaing and Keenan's network of other allies due to her attempt to do a dishonest end-run around Keenan and his team.

There is a crucial need for clear and respectful communication in this pivotal moment. We've been doing our best to clear the clutter, but apparently there is still some out there. And we need not squabble over the wealth of the planet. The astonishing truth is that there is abundance beyond imagining. We simply need to unite as one human family, disarm the oppressors, and heal our world.

### **NEIL KEENAN UPDATE | Time To Correct Many Wrongs**

November 16, 2019

The following was sent to Neil and Group K from a person in Singapore who is in a position to be able to clarify certain actualities. Once again, and with somewhat of a yawn, Benjamin Fulford has been exposed as a hack and a wreck:

*“Benjamin Fulford is hanging himself again. In his last “article” he merely paraphrased a piece from the Statesman published on the 23 of October 2019 without even investigating the actual background sources in terms of what has been taking place in Indonesia.*

*He was never there and his Indonesian CIA sources are watered-down sources. Instead of copying other people’s work, why did he not try connecting the dots? Benjamin has it all wrong again. This is just plain stupidity but he is consistent in this fashion.*

*What has really taken place is the strategic placement of key Indonesian players, principally Prabowo Subianto, into Ministerial positions.*

**Prabowo Subianto and President Jokowi**

*Prabowo, as leader of the Opposition Party, was obviously responsible for the post-election insurrections and the loss of life, so to diffuse a tense situation, President Jokowi “brings his enemy closer” and appoints him to a ministerial position that he is qualified for. That is a smart move towards peace and stability in Indonesia and thus diffuses a tense situation.*

**Finance Minister Sri Mulyani**

*Benjamin goes on to insult Indonesia's long-standing and patriotic [Finance Minister, Sri Mulyani](#), who has guided the economy beautifully and kept finances stable even through changes in Indonesian political governments. Sri Mulyani is a national asset and to insinuate she is Cabal is a severe misrepresentation of facts and history. A view of the wider picture reveals the Cabal and their Banksters' global efforts to steal gold and other fungible assets through whatever means are at their disposal, particularly through bribery, extortion and death threats to key individuals and their families.*

*This is happening everywhere, especially in South Korea and Indonesia where bunkered wealth of the Dragon Families is their main target. Once again, Benjamin has shown his ignorance by throwing the Rothchilds into the mix when they have very little to do with Indonesia at this point.*

*He clearly knows how NOT to make friends with powerful people. It is little wonder that nobody of importance talks to him anymore. Indonesian royalty, top politicians and their families (are especially and) currently within Cabal crosshairs.*

*Truth be told, Neil Keenan has been in Indonesia the past few months directly preventing the Cabal from stealing gold in Indonesia. Notice that I stated “gold in Indonesia” and not “Indonesian gold”.*

*Mr. Keenan has repeatedly exposed and thwarted Cabal attempts to ascertain hold of what is, and never will be theirs, as they are not the Original Depositors or bloodline inheritors.*

## AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

*Neil Keenan was elected last year as the Amanah (the Principal Global Trustee) and is now in charge of Global Collateral Accounts Assets including the bunkered wealth stored in Indonesia, and other Asian countries by various Asian Families as their TRUSTEE (but not by any of Benjamins fake White Dragons).*

*The only other person to hold this internationally recognized position was the former Indonesian President Soekarno. Many have tried to pass the required ritual initiation. Some died. Some went blind. Some went deaf. Mr. Keenan successfully passed all the highly spiritual tests and now holds the powerful scepters that transfer the power of the OFFICE to him and an energy scepter needed to open bunkers.*

*These Asian Families (Dragons) are the original Depositors of these assets and the AMANAH is their sole Trustee with absolute legal authority over the management and safekeeping of these assets.*

*From now on any use of these assets comes under the sole responsibility, authority and legal jurisdiction of the AMANAH. That includes the legal thwarting of past and present attempts to use, mirror, hypothecate and/or illegally transfer these registered assets. And believe me, those that were recently trying to sell Family assets in Indonesia were immediately EXPOSED.*

*Some should really run and hide. However, the Asian Families have eyes and ears everywhere. And they tell Neil Keenan what they are seeing and they protect him. Politicians, Banksters and businessmen in Asia and the West BEWARE as you have been warned.*

*Benjamin, that goes for you too.*

*Cease being a Cabal stooge and purveying FAKE NEWS. You might be better off concocting cook books but your sauces stink as bad as your plagiarized sources. Perhaps you should tootle off and write a novel as your relentless BS is pure fiction. And to think that some people still pay to read your waffle. But that's how it works for you – with your “blog” being your source of income, you will make anything up in order to seem like you have something of relevance to offer – when you do not.*

*CBS, ABC, MSNBC, The Washington Post and The New York Times like fiction writers as that is all you seem to be good at – FAKE NEWS. Perhaps you may be invited to Washington D.C. as a “hearsay witness.” This is unlikely in reality, as no one other than a fool would believe you anymore.*

*Be warned: If you continue to insult key figures, you will definitely need to be cautious for bumps in the night.*

*It is your own fault. “Stupid.” – An Insider from Singapore*
